G50 MEDIA & G50 RADIO

EDITORIAL COVERAGE

Music and entertainment: concerts, live events, festivals, artist features, music business, premieres, red carpets, celebrity interviews and cultural stories, subject to organizer accreditation and talent approval.

Business and opportunity: entrepreneurship, global trade, readiness, partnerships, technology, media, community impact and the business of entertainment.

G50 RADIO — INTERNET AUDIO AND DISCOVERY

G50 Radio is the master G50 audio brand for digital music discovery, artist submissions, programming, advertiser inquiries and possible listening/distribution environments such as rideshare vehicles, trucking, hotels, restaurants, stores, campuses and events. Its proposed expansion depends on rights clearances, partner participation, equipment and venue permissions, and operational availability. No affiliation with Uber, DoorDash, airlines, arenas or other third-party brands is implied.

WORKING WITH EVENT ORGANIZERS

G50 Media seeks authorized editorial, reviewer, photography, video, media-line, interview and press-room access. Every venue, festival, promoter, artist team, production company and event organizer independently determines accreditation and usage restrictions. A G50 Media ID is proof of outlet affiliation only; it is **not** a universal entry, backstage, VIP or photo-pit pass.

EDITORIAL & SPONSORSHIP STANDARDS

Press coverage and sponsored or promotional placements are distinct. Sponsored content should be labeled, factual claims verified, and audio, image, venue and talent rights respected. G50 does not guarantee coverage, artist access, distribution, sales, funding or investment outcomes.
