AFRICA'S POTENTIAL DRIVES A STRONGER TOMORROW

ABOUT US

BUILT FOR AFRICA'S MINING & INDUSTRIAL FUTURE

Zano Mining & Industrial Services is a South African company providing mining, industrial and investment-support solutions to clients operating within Africa's resource and industrial sectors.

Our focus is on connecting opportunity with practical industry knowledge. We support businesses, investors and project partners seeking to participate in mining and industrial opportunities, with particular interest in **gold, platinum, diamonds and steel**.

Through strategic relationships and an expanding African network, Zano aims to facilitate opportunities across the mining value chain while helping clients understand markets, identify suitable opportunities and establish meaningful industry connections.

We recognise that entering the African mining sector requires more than capital. It requires local understanding, trusted relationships, strategic planning and access to the right partners.

Zano exists to help bridge that gap.

OUR APPROACH

We combine:

- Mining sector knowledge
- Strategic consulting
- Investment facilitation
- Industry networking
- African market insight
- Partnership development
- Industrial support
- Opportunity identification

Our objective is to create sustainable business relationships that generate long-term value for our clients, partners and the markets in which we operate.

ZANO GROUP

SOUTH AFRICA.
AFRICA.

OUR DIRECTION

VISION, MISSION & VALUES

OUR VISION

To become a trusted African mining and industrial services partner recognised for connecting businesses, investors and opportunities across the continent.

OUR MISSION

To provide professional mining, industrial and investment-support services that enable clients to identify opportunities, establish strategic partnerships and participate confidently in Africa's growing resources sector.

OUR CORE VALUES

INTEGRITY

We believe that strong business relationships are built on honesty, professionalism and responsible conduct.

PARTNERSHIP

We value long-term relationships and work collaboratively with clients, investors, operators and industry partners.

PROFESSIONALISM

We approach every engagement with commitment, confidentiality and attention to detail.

OPPORTUNITY

We continually identify potential opportunities capable of creating sustainable commercial value.

AFRICAN GROWTH

We believe in the potential of Africa's mining and industrial sectors and seek to contribute meaningfully to their development.

SUSTAINABILITY

We support responsible approaches to business that consider long-term economic and operational sustainability.

ZANO GROUP

MINING SERVICES & PROJECT SUPPORT

Zano Mining & Industrial Services provides support to companies, investors and stakeholders participating in the African mining sector. Our role is to help clients understand opportunities, establish appropriate relationships and access resources required to move projects and investment discussions forward.

OUR MINING SERVICES INCLUDE

Mining Opportunity Identification
Assisting clients in identifying potential mining opportunities and relevant markets within Africa.

Mining Project Facilitation
Supporting communication and coordination between investors, mining companies, project owners and strategic partners.

Industry Introductions
Connecting clients with potential operators, suppliers, project partners and other relevant stakeholders.

Market Entry Support
Helping companies assess and approach new African mining markets.

Strategic Partnership Development
Facilitating relationships that can support mining, investment and industrial projects.

Project Support Services
Providing practical support according to the requirements and stage of each project.

Mining Sector Consulting
Providing strategic guidance to organisations considering participation in mining-related opportunities.

OUR FOCUS

Our approach is centred on developing commercially viable relationships while supporting responsible and sustainable participation within Africa's mining industry.

ZANO GROUP

MINING INVESTMENT CONSULTING

INVESTING IN AFRICA'S MINING SECTOR

Africa contains some of the world's most significant mineral resources and continues to present opportunities for local and international investors.

However, investing in mining requires careful assessment of the market, potential partners, project structure, operational environment and commercial opportunity.

Zano Mining & Industrial Services assists individuals and organisations interested in entering or investing in the African mining sector.

OUR CONSULTING SUPPORT INCLUDES

- Mining investment opportunity identification
- Market and sector research
- African market-entry guidance
- Project opportunity assessment
- Potential partner identification
- Local industry introductions
- Investment facilitation
- Strategic business introductions
- Stakeholder engagement support
- Commercial opportunity evaluation
- Mining project discussions
- Expansion strategy support

FROM INTEREST TO OPPORTUNITY

Our objective is to help investors move from simply considering African mining opportunities to having a clearer understanding of where suitable opportunities may exist and who the relevant stakeholders are.

We work to create connections between **capital, mining opportunities, industry expertise and local relationships.**

ZANO GROUP

OUR COMMODITY FOCUS

KEY **SECTORS**

Zano Mining & Industrial Services has a strategic interest in mineral and industrial sectors that play an important role in Africa's economic development.

GOLD

Gold remains one of Africa's most important mineral resources, supported by established mining operations and emerging opportunities across several markets.

Our focus includes supporting relationships and potential opportunities connected to the gold mining value chain.

PLATINUM

Southern Africa plays an important role in global platinum-group-metal production.

Zano seeks to support opportunities involving platinum resources, industry partnerships and related mining activities.

DIAMONDS

Africa has a long-established diamond mining sector with opportunities across exploration, mining, supply and associated services.

We seek to facilitate relevant commercial relationships within this sector.

STEEL

Steel is fundamental to mining, construction, infrastructure and industrial development.

Our industrial focus includes opportunities related to steel, supply networks and the broader industrial value chain.

CONNECTING RESOURCES TO OPPORTUNITY

Our multi-sector focus allows us to participate in conversations across both the mining and industrial environment while building relationships throughout the African value chain.

ZANO GROUP

SUPPORTING THE INDUSTRIES THAT SUPPORT MINING.

Mining projects depend on extensive industrial networks, equipment, infrastructure, materials and specialist service providers. Zano Mining & Industrial Services works to connect mining and industrial requirements with suitable business opportunities and strategic partners.

INDUSTRIAL SUPPORT.

Our activities may include assistance with:

- Industrial sourcing
- Mining-related procurement support
- Supplier identification
- Steel-related opportunities
- Equipment and material sourcing
- Business-to-business introductions
- Industrial project facilitation
- Strategic supplier relationships
- Logistics and supply-chain introductions
- Contractor and service-provider identification

A CONNECTED APPROACH.

Our mining and industrial capabilities are closely aligned. Rather than viewing mining operations in isolation, we consider the wider ecosystem required to support mining projects — from materials and suppliers to strategic business relationships. This creates opportunities for Zano to serve as a link between mining companies, investors, industrial suppliers and project partners.

ZANO GROUP

AFRICAN PARTNERSHIPS & ANGOLA

BUILDING STRATEGIC RELATIONSHIPS ACROSS AFRICA

Africa's mining industry is built on strong relationships between mining companies, governments, investors, communities, suppliers and service providers.

Zano Mining & Industrial Services believes that meaningful partnerships are essential when entering new markets and developing long-term business opportunities.

ANGOLA

Zano has established a partnership with **Menant Group** in **Angola**, which is involved in the gold mining sector in **Huambo**.

This relationship forms part of Zano's broader strategy to establish partnerships and develop access to opportunities within key African mining markets.

OUR AFRICAN APPROACH

We seek to develop relationships that enable:

- Cross-border business opportunities
- Mining investment introductions
- Local market access
- Strategic partnerships
- Project collaboration
- Investor and operator introductions
- Industrial supply opportunities
- Long-term African business development

GROWING BEYOND BORDERS

Our ambition is to continue building a network across African mining jurisdictions, creating opportunities for collaboration between South African, regional and international businesses.

ZANO GROUP

AFRICA DRIVES POSSIBILITY

WHY CHOOSE ZANO

YOUR STRATEGIC PARTNER IN AFRICAN MINING

Successfully navigating Africa's mining and industrial landscape requires trusted connections, industry knowledge and an understanding of the markets in which opportunities exist.

Zano Mining & Industrial Services provides a relationship-driven approach designed around the requirements of each client and opportunity.

AFRICAN MARKET FOCUS

Our business is focused specifically on opportunities within Africa's mining and industrial sectors.

STRATEGIC NETWORKS

We continuously develop relationships with companies, investors, mining operators and business partners.

INVESTMENT SUPPORT

We assist investors seeking greater clarity and access when exploring African mining opportunities.

MULTI-SECTOR CAPABILITY

Our interests across gold, platinum, diamonds, steel and industrial services provide a broader perspective of the mining value chain.

RELATIONSHIP-DRIVEN

We believe successful projects are built on trusted, long-term relationships rather than short-term transactions.

TAILORED SUPPORT

Every investment, mining project and industrial requirement is different. We therefore structure our involvement around the specific requirements of each opportunity.

OUR COMMITMENT

To connect people, opportunities and resources in ways that contribute to sustainable business growth across Africa.

AFRICA'S RESOURCES. A STRONGER TOMORROW.
