

Smarter Billet Management for Junior Hockey Teams

BilletPro replaces spreadsheets, email chains, and group texts with one purpose-built platform.

PLATFORM FEATURES

Six integrated modules that replace every manual process in your current program.

Host Family Management

A single, searchable directory of every host family in your program.

- Team-branded onboarding links families complete online — no paperwork
- Profile completeness tracking with background check and Safe Sport status
- Secure document storage attached to each family record
- Household photo uploads to give coordinators a visual reference for each home
- Host family ratings and feedback tracked season over season to inform future placements

Athlete Profiles

Complete player records with everything your coordinator needs at a glance.

- Preference tracking: dietary needs, allergies, lifestyle, and housing requests
- Arrival and departure date management with document uploads
- Searchable across your full roster to support placement planning

Matching & Placement

Remove the manual effort of cross-referencing families and athletes.

- AI-assisted compatibility scoring based on both sides' preferences
- One-click match proposals with pending / confirmed / active status tracking
- System-generated match suggestions surfaced automatically each season

Communication Tools

All program communication in one place — no more lost texts or email threads.

- Bulk messaging to host families, athletes, or both simultaneously
- Automated notifications for match updates, status changes, and compliance actions
- Opt-in/opt-out tracking maintained automatically for compliance
- SMS and WhatsApp messaging

VALUE TO YOUR ORGANIZATION

Time Savings

Coordinators report up to 70% less time on administrative tasks. Onboarding a new host family takes an average of 10 minutes from link to completed profile.

Compliance Confidence

Background check status, Safe Sport verification, and signed agreements tracked automatically — a defensible record, not a folder of scanned PDFs.

Retention & Continuity

Host family history and ratings carry forward season to season. Returning families re-enroll in minutes. Institutional knowledge lives in the platform, not one person's inbox.

Professional Presentation

Families receive a branded, polished onboarding experience. First impressions matter when competing for quality host families.

Real-Time Visibility

Every coordinator sees the same live data. No more spreadsheet versions or lost files. Issues surface before they become problems.

WHO USES BILLETPRO

BilletPro is used by junior hockey leagues, minor league baseball teams, clubs, and independent teams and programs across North America. Any organization currently running a billet or host-family housing program is an ideal fit.

Organizations using BilletPro report up to a 70% reduction in coordinator admin time and onboard new host families in an average of 10 minutes.

Transparent Pricing. Every Feature, by Plan.

30-day free trial included with every plan. No credit card required.
