## Testimonials

"Fix It With Piggy delivers more than technology training—they create engaging learning experiences that build confidence, develop practical skills, and inspire participants to pursue careers in technology."

"Working with Fix It With Piggy transformed technology from something intimidating into something our participants were excited to learn and confident to use."

"Their hands-on approach doesn't just teach technology—it builds confidence, curiosity, and career-ready skills."

"Their ability to adapt instruction, connect with learners, and create an inclusive, hands-on classroom environment consistently leads to high engagement, strong participation, and meaningful outcomes for students."

"Fix It With Piggy created an experience that was practical, empowering, and left participants feeling more confident using technology."

"From technical skills to workforce readiness, Fix It With Piggy equips youth and adults with real-world experience that prepares them for success beyond the classroom. Their professionalism, passion, and commitment make them a trusted community partner."

"The training exceeded our expectations by making complex technology concepts approachable, engaging, and immediately applicable to our daily work."
