HOW TO QUALIFY A LEAD

5 minutes is all it takes. Here's what to listen for.

They Got Declined

Turned down for a mortgage, car loan, or apartment? That's a warm lead. Send them straight to us.

Score Below 620

Most lenders need 620+ to qualify. If their score is under that, they need credit work before they can close.

Collections or Negatives

Collections, charge-offs, late payments holding them back? That's exactly what we fix. Refer them.

They Want to Buy Soon

Client has a goal but credit isn't there yet? Refer now so they're ready when it's time to close.

No Credit History

Thin file, no score, or never built credit? We can help them establish a foundation. Still a referral.

They're Frustrated

Tried to fix it themselves and gave up? They need a team. That's AltoCredit. Send them our way.
