

One Referral. \$25,000 Minimum. Your Client Stays Yours.

Top producers don't leave money on the table. StackHaus pays agents and brokers a structured referral commission on every signed build contract — starting at \$25K, triggered the moment ink hits paper.

AGENT & BROKER PARTNERSHIP PROGRAM

The Numbers Don't Lie.

\$25K

Your referral works anywhere you do.

1

Call to Lock It In

60 seconds. Your commission is protected.

Your Clients Lost Everything. You Can Be the One Who Helps Them Rebuild.

Thousands of fire victims across SoCal own vacant lots with nowhere to turn.

You don't need to know construction. You need one conversation and a referral form. StackHaus handles everything else — and pays you \$25K minimum for making the introduction.

Three Steps. That's It.

Make Referral

StackHaus Manages

Commission Triggers

You make the introduction. We run the entire build — permits, insurance, FEMA, contractors. Your referral is locked, documented, and protected from the second you submit.

What You Earn.

Structured. Documented. Paid.

\$25,000 Floor

Every signed contract. No minimums to hit, no hoops to jump.

Scales With the Deal

Projects above \$2M pay proportionally more. Big builds, bigger commissions.

Pre-Development Fee

Early-stage referrals earn a flat fee — disclosed upfront at registration.

Zero Risk If It Doesn't Close

No conversion, no loss. Your client relationship stays intact either way.

Why Top Producers Choose StackHaus.

Your Fee Is Locked Day 1

Register the referral first — your commission is protected regardless of how the client later finds us.

We Do the Heavy Lifting

Insurance disputes, FEMA, permits, contractors. None of it touches you.

You Stay the Hero

StackHaus works behind the scenes. The client relationship — and the credit — stays yours.

Fastest Rebuild in the Market

12–18 months. The competition takes 3–5 years. Your clients notice.

One Price. No Surprises.

Fixed contract, locked cost. No overrun calls. No awkward conversations.
