WELCOME, AFFILIATE

The 30-Day Playbook That Works — If You Work It.

This is not theory. This playbook brings together the proven affiliate marketing techniques that consistently win on short-form video — adapted into a clear, step-by-step system for promoting PerfectAudio. Every step is engineered to compound. **Follow it precisely, post consistently, and the growth follows.**

01

Setup

Install the extension and learn every feature inside-out.

02

Strategy

Optimize your TikTok account and create your recording setup.

03

Content

Master the hooks, formats, and editing styles that go viral.

04

Earnings

Earn recurring commissions on every active subscriber you refer — paid every month.

01 Install the PerfectAudio Chrome Extension

Before you film a single TikTok, master the tool. You can't sell what you can't demo.

Learn how to use:

- Tab recording
- BPM finder
- Key finder
- Mic recording
- Looping
- Recording over YouTube beats

GOAL Be able to demonstrate every feature quickly on camera — no fumbling.

02 Set Up TikTok Properly

Optimize your account with:

- A clean profile picture
- A creator-style username
- A simple, focused bio
- The extension link in your bio

EXAMPLE BIO

Record Any Audio Directly From Chrome | BPM + Key Finder + Studio Mic Recording | Free Download below

03 Create A Clean Recording Setup

- Open Chrome
- Open YouTube or Spotify
- Prepare good lighting
- Use a clean desk setup
- Wear headphones if possible
- Record screen with OBS or QuickTime

GOAL Make the tool feel premium — production quality matters.

04 Make The First TikTok

The first 2 seconds — choose a hook:

- “Music producers NEED this”
- “This Chrome extension is insane”
- “I can record any audio directly from Chrome”

05 Immediately Show The Tool

- Open YouTube
- Play audio
- Press record in PerfectAudio
- Stop recording
- Show waveform instantly

RULE

Do not over-explain. ***Show the result FAST.***

06 Show ONE "WOW" Feature

Pick just one to highlight per video:

- BPM detection
- Key detection
- Mic over YouTube beat
- Looping
- Studio mic quality
- Recording tab + mic together

GOAL Make people think “I need this.”

07 End With A Soft CTA

Say:

- “It's called PerfectAudio”
- “Free on Chrome”
- “Link in bio”

IMPORTANT

*Do **NOT** aggressively sell. Curiosity converts better than pressure.*

08 Post 3–5 Videos EVERY DAY

3	5	∞
MINIMUM	**BEST**	**GOAL**
TikToks daily	TikToks daily	more = more wins

The fastest growth comes from volume. One viral hit out of 50 attempts is still better than 5 perfectly crafted videos a month.

09 Reuse Winning Video Ideas

If a video performs well:

- Remake it
- Change the hook
- Use different music
- Use different examples

> **LEVERAGE**
> *Do **NOT** constantly invent new ideas. Replicate what already worked.*

10 Focus On These Video Types

TYPE 1

Hidden Tool

“Hidden Chrome extension for producers”
“Best free producer tool”

TYPE 2

Sampling

Recording anime audio
YouTube samples
Movie dialogue

TYPE 3

Tutorials

“How to record any audio in Chrome”
“How to find BPM instantly”

TYPE 4

POV Videos

“POV: your browser became a recording studio”
“POV: you stopped using MP3 converters”

11 Keep Videos SHORT

- **Best length: 15–25 seconds**
- The faster paced the better

12 Use FAST Editing

- Quick cuts
- Zoom-ins
- Captions
- Cursor highlights
- Waveform closeups

GOAL Never let the viewer get bored — pace beats polish.

13 Always Show The Product Early

Do NOT:

- Talk for 10 seconds first
- Use long intros
- Explain your life story

DO INSTEAD

*Show the extension **instantly.***

14 Prioritize VIRAL Hooks

1	*“This changed my workflow completely”*
2	*“I stopped using MP3 converters after this”*
3	*“This Chrome extension is actually insane”*
4	*“I didn't know Chrome could do this”*
5	*“This feels like a desktop app”*

15 Post On Multiple Platforms

After uploading to TikTok:

- Repost to Instagram Reels
- Repost to YouTube Shorts

GOAL One video = three platforms. Triple your reach with zero extra work.

16 Study Analytics Daily

Every night, check:

- Which video got the most views
- Watch time
- Comments
- Installs

> ACTION
> *Then make **more** videos similar to your best performer.*

17 Focus On FREE INSTALLS

The goal is NOT forcing subscriptions.

The goal IS:

- Massive installs
- Creator curiosity
- People trying the tool

GOAL The built-in upgrade flow handles conversions naturally — your job is reach.

18 Repeat This For 30 Days Straight

Consistency is the advantage. Most creators quit too early.

Affiliates who post:

- Every day
- Multiple times per day
- With clean editing
- And strong hooks

…will usually get the most installs the fastest.

YOUR EARNING POTENTIAL
