

Braided Man Bun

Tools Needed

- Rat-tail comb
- Wide-tooth comb
- Hair clips
- Braiding gel or pomade
- Hair moisturizer
- Spray bottle with water
- Hair ties
- Edge brush
- Mirror

Step-by-Step Directions

- 1 Wash, condition, and detangle the hair.
- 2 Apply moisturizer and lightly dampen the hair if needed.

- 3 Create a clean center part from the forehead to the crown.
- 4 Clip one side away while working on the opposite side.
- 5 Apply braiding gel along the part and hairline.
- 6 Create a cornrow braid on the first side, braiding toward the back.
- 7 Repeat the process on the second side so both braids meet near the crown.
- 8 Gather the braid ends and remaining hair together.
- 9 Secure everything into a neat man bun using a hair tie.
- 10 Smooth flyaways with pomade and an edge brush for a finished look.
