

SWMS/CISRA Update

From Peter Conway <peteconway@outlook.com>

Date Sat 25/07/2026 9:32 AM

To Matt Balderston <sales@jrearthworks.net>; accounts Rainford <accounts@jrearthworks.net>

I have checked the SWMS/CISRA in the database to ensure they always are part of the Job Pack automatically this ensures now a CREW have access to the SWMS/CISRA on their app.

There are now options as to the details available in the generated Certificate.

First in Jobs SWMS/CISRA are set to Job Pack by Default

SWMS

1 SWMS

 **TRAFFIC CONTROL**

JOB PACK ☒

New option when requesting a Certificate

Tap Trace

The certificate can now show where the job was.

Can also show that the details of the SWMS/CISRA were.

And Review of paper to App Compliance for non-transition Employees.

Certification Statement

This certificate records the crew members who viewed the nominated SWMS / Risk Assessment for the job listed above.

CREW Needs to immediately start using the app in this transition period just 3 easy Rules read the SWMS/CISRA, do the Equipment Inspection (Each day) and Tap Arrive and Depart in the App (Each Day) -these are not J&R Rules - they are Regulatory Rules od Compliance.
