

Vale of Leithen FC

Health & Safety Policy

Website-ready PDF based on the current Health & Safety page.

General Policy

Vale of Leithen Football Club is committed to safeguarding the health and safety of all club personnel and protecting others against hazards to health or safety arising out of the club's activities.

The co-operation of every member of the club is necessary in promoting this policy and in ensuring that standards are at least equal to, and preferably above, the standards set by health and safety legislation.

Linked Policies

- The club operates a separate First Aid Plan.
- The club also operates a separate Smoking Policy covering internal workplaces and the covered enclosure.

Core Measures

- Appropriate steps will be taken to safeguard volunteers and other persons affected by club activity.
- Safe systems of work, suitable equipment and clear procedures should be maintained wherever reasonably practicable.
- Accidents, incidents and hazards should be reported promptly so that action can be taken.

Accident Book

An Accident Book is maintained in the clubhouse. With the exception of injuries sustained on the field of play, all accidents or injuries sustained whilst on club business must be recorded in the Accident Book.

Review

Vale of Leithen Football Club will keep this policy under review, with additions or amendments made where deemed appropriate by the club or on the advice of relevant bodies.

Reviewed September 2025.
