Policy Statement

Vale of Leithen Football Club is fully committed to ensuring that disabled supporters and customers have as full access as reasonably possible to all goods, services and facilities provided or offered to the public by the club.

Supporter Access and Ticketing

- The club operates a concessionary ticket policy for disabled supporters.
- The scheme will not discriminate between disabled people with differing impairments.
- Full details of concessions can be requested by contacting the Club Chairman, Club Secretary or by asking at the gate entrance during any home match.

Reasonable Adjustments

Vale of Leithen FC recognises its duty to remove potential barriers that would make it difficult or impossible for disabled customers to access club facilities.

The club will undertake additional works as are reasonably required within the timescales set out in the Equality Act 2010 and relevant Codes of Practice.

Complaints and Conduct

The club guarantees that complaints of discrimination from disabled supporters and customers will be dealt with promptly under the club's procedures.

All individuals associated with the club have been advised that any incident of discrimination is a serious matter and may be dealt with by the Committee Board under the club's disciplinary procedures.
