

Vale of Leithen FC

Environmental Policy

Website-ready PDF based on the current Environmental Policy page.

Policy Statement

Vale of Leithen Football Club recognises that its activities inevitably have an impact on the environment and is committed to continual environmental improvement and pollution prevention.

This statement provides a framework for developing and reviewing environmental objectives.

Club Commitments

- Minimise the potentially significant impacts the club has on the environment.
- Actively encourage the use of public transport.
- Promote energy efficiency across club activity.
- Support waste minimisation and environmentally friendly waste disposal throughout the club and among supporters.
- Treat environmental legislation and regulations as the minimum standard and seek to exceed them wherever possible.

Timing of Matches

Vale of Leithen Football Club will manage the timing of events, particularly the start time of football matches, to help ensure that high flows of football-related traffic do not occur at peak times on the local road network.

Review

Vale of Leithen Football Club will keep this policy under review.
