Media Consultancy

Building Sound, Talent & IP

Mastermade was established in 2020 to provide backup services to both agencies and direct clients. We have grown into a professional audio production company and creative development hub, amassing an impressive clientele portfolio and a respectable reputation among our peers.

What began as a commercial recording studio has evolved into a multi-layer creative ecosystem supporting artists, engineers, producers, and media professionals — from skill acquisition to catalogue ownership. Equipped with a print lab, state-of-the-art studio and an innovative, professional and talented staff, we offer full end-to-end service production.

In order to satisfy our clients, we maintain:

- ♦ A fully-fledged in-house studio
- ♦ A well-trained, diverse human resource base

Our staff specialise in:

- ♦ Agency Support
- ♦ Audio-Visual Production & Post-production

Key Principles

All Mastermade products and services share three key principles:

Functionality

We do the best job possible, in the best possible way — every time.

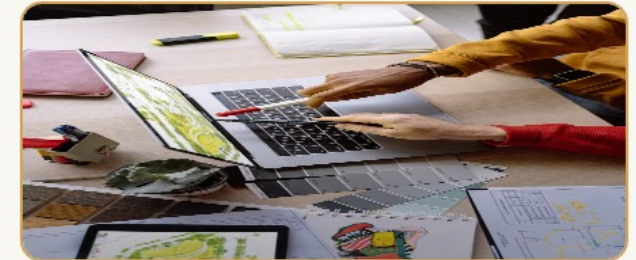

Reliability

We keep delivering, consistently, for the long run.

Style

Everything we produce looks and sounds great — a genuine pleasure to experience.

Our Values

- ♦ Cutting-edge ideas
- ♦ Excellence
- ♦ Process Oriented
- ♦ Responsiveness
- ♦ Solution Oriented
- ♦ Unwavering Commitment to Quality
- ♦ Professional standards

Audio-Visual

We host a specialist A/V department that maintains industry standards for lighting, sound, technical support and visual support services. Our in-house editing suite designs, produces, scripts, and shoots advertisements, documentaries, films, music videos, news releases, promotional content, and video highlight reels.

Our partnership with key industry players places us in the lead, enabling us to provide total A/V solutions — be it conferencing or event staging — at very competitive rates. We task ourselves to deliver, set up and guarantee faultless operation at any event.

Production

Full video & film production

Live Sound

Event & conferencing A/V

Lighting

Stage & studio lighting rigs

Post-Production

Editing, grading & finishing

Master Made.
