

XAG R200 Agricultural Rover

Coming Soon

Precision Spraying

Water and pesticide savings

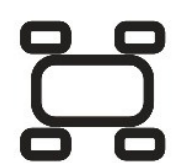

Remote Control

Ensure operator safety

Path Planning

Effortless and Efficient

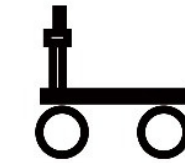

Independent Six-Wheel Drive

Strong Maneuverability

Electric Drive

Economical and eco-friendly

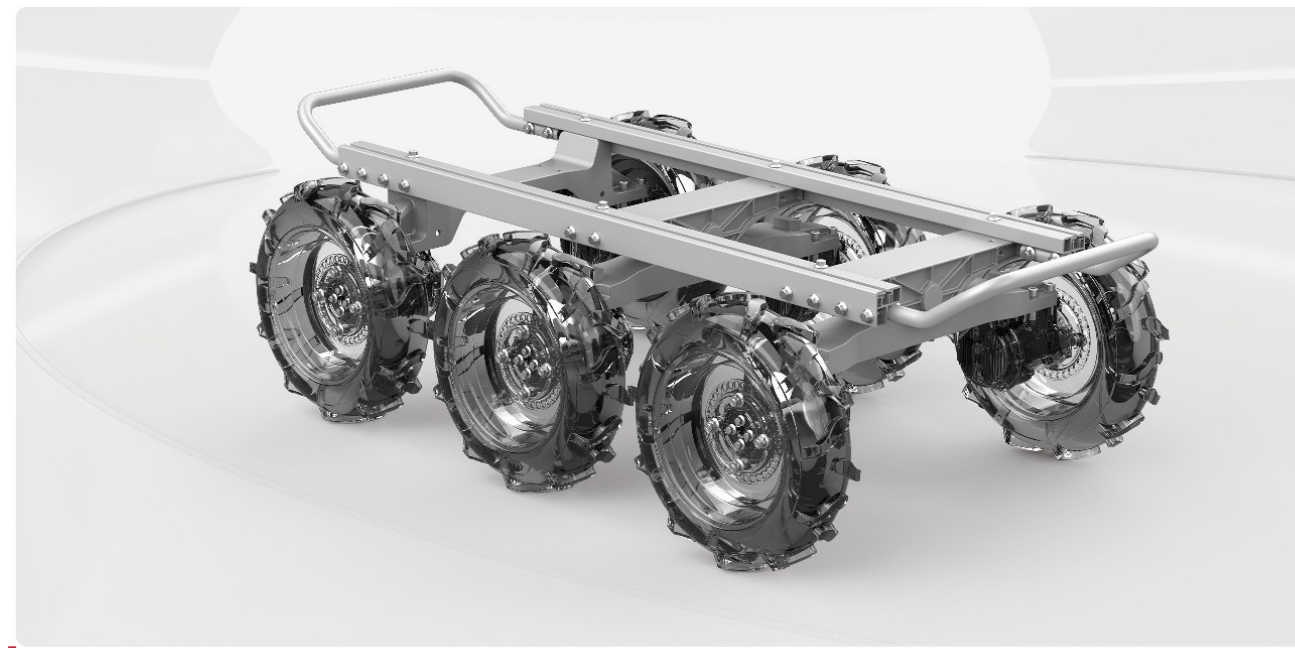

Expandable Platform

Support DIY customization

Onboard RevoSpray System

- Centrifugal atomization technology
- Fine mist and precise, adjustable flow

Lightweight All-Aluminum Frame

- High strenght, low weight
- Exceptional load - to - weight ratio

Screen Remote Control + Wide Angle Camera

- Protect operators from chemical exposure
- Real- time monitoring of operational status

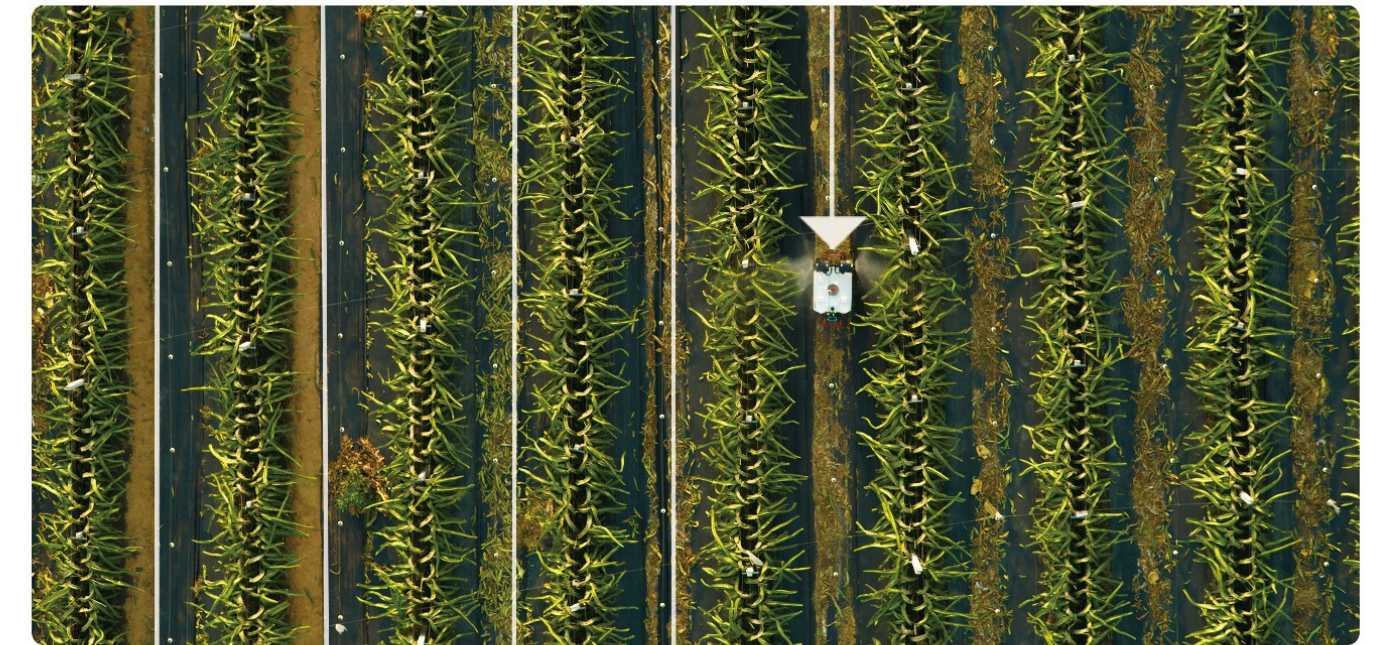

Four Mist Cannon

- Manually adjustable for multi- angle spraying
- Strong airflow for thorough and even coverage

Six - Wheel Drive + Floating Axle Design

- Agile turning and pivot on the spot
- Navigate uneven, muddy terrain with stability

Intelligent Autonomous Operation

- Auto- record and generate operational paths
- Easy route planning with point marking for quick start

Specs

240 ℓ
Tank Capacity

60 - 200 μm
Droplet Size

800 mm
Vehicle Width

16ℓ / min
Max Flow Rate

7m
Horizontal Spray Range
Per Side

12 min
Charging Time

Customizable for Various Scenarios
