

Sunday

*** Please Note:** No supper on Sundays, but concessions will be available.

Demonstrations may be substituted with others, however the schedule will basically be the same as Saturday.

Following the Sunday morning pulls and prior to the lunch break, Bantam, Class 1 & 2 Awards will be presented at the announcer's trailer beside the Log cabin.

The Class 3 through Class 7 Awards will be presented after completion of the Class 7 pulls.

We look forward to seeing you at our events. We hope you enjoy the show and please share the fun and information.

Club Meetings

Held the second Thursday of every month.

Doors open earlier, with the meeting starting at 7 pm in the main Club building.

We welcome anyone who wants to become a member.

Annual membership fees \$30 per person or \$45 per couple or family. If you do not want to become a member, but want to support the club in preserving history, we accept donations.

Looking forward to seeing all the smiling faces watch vintage machines, once left outside to rust, given a new life.

Club President: Ruf May

**New Members Are
Always Welcome!**

Created in 1985 as a non-profit, the goal of the Club is to promote, preserve and restore vintage tractors, engines, machinery and other items often used in the past.

Since established, the Club has constructed a Repair Shop for restoration work that includes an attached meeting room.

Many pieces of machinery are on display in our storage buildings. Tours of the collection can be arranged any time for those wishing to see a piece of history.

We have 27 acres of show grounds where we hold events throughout the year. Our popular Annual Father's Day Event runs 3 days during the Father's Day weekend, which is fun for the whole family. Watch for new activities for kids and entertainment! Most events have a concession on-site.

At the end of September, there is an Annual Harvest Festival to enjoy!

Our events typically take place on the weekend with the same itinerary, although times are approximate as things such as inclement weather can alter the schedule.

Saturday

Tractor or Vehicle registration is recommended for use during the "Parade of Power".

Tractor Pullers **MUST** register and weigh before 10:00 AM and be staged at the east end of the track in order to prepare for your pull.

Proposed Itinerary (approximate):

8:00 to 11:00 AM - Pancake Breakfast

10:00 AM – Tractor Pulls
Bantam, Class 1 & Class 2

11:30 - Lunch Concession Opens

12:00 PM - Lunch Break

1:00 - 1:30 PM - "Parade of Power"

* Parade begins at the loading dock at the west end of the field, proceeds clockwise around the old grass racetrack and finishes after passing the Log Cabin and Grandstands.

Show Grounds Map:

1:30 PM - Threshing Demo

2:00 PM - Tractor Pulls *
Class 3 through Class 7

5:30 PM - Supper Break Sat.
(normally Roast Beef)

* Tractor Pulls not completed will
resume after supper break.
