龍嚟啦

We're looking for direct sponsors for our **U8 Dragons**.

As our youngest age group takes their first steps into the world of football, they're set to be an exciting team to support and follow throughout the season.

Sponsoring the U8 Dragons is a great way to back grassroots football, support local young players, and be part of their journey from the very beginning.

Get in touch for more information.

FINAL THIRD
Grass Roots Management

JUST A LITTLE BIT ABOUT MONTPELLIER FC

Montpellier Football Club was founded in 2021 by two lifelong friends with a simple but ambitious belief: grassroots football could be done differently.

The modern game at ground level has shifted. Clubs increasingly find themselves in survival mode – chasing finances rather than impact, managing budgets rather than building communities. We wanted no part of that cycle.

From day one, Montpellier FC was built around something bigger than results. A real community club, on and off the pitch – developing players and people, supporting local causes, and laying foundations designed to grow with the community around us.

That vision has taken root. Backed by brilliant coaches and local partners, we've grown from a single team into a club that's collected multiple league and cup wins across both senior and youth football, and secured our home at Priors Farm – our clubhouse, our base, our heartbeat.

Our youth section, launched in 2023/24, has expanded rapidly to welcome players from age 8 through to U17. In 2025/26, our first girls' team joined the fold – and that same year, our founding generation of youth players made the step up into senior football. Watching that happen never gets old.

It's been a journey – fast, proud, and full of moments we'll never forget. But this is still the beginning.

Family values aren't a tagline here. They're how we operate, how we coach, and how we show up for each other and our community.

We are Montpellier FC. #UpThePelli

GET IN TOUCH

We'd love to have a conversation – even a quick coffee to talk through what would work for you.
