

Anita Schacher (left), retired CEO of Clatsop Care Center Health District and Clatsop Cares Foundation Board Member, and Willow Creel (right), Director of Life Enrichment

“I’ve been a resident at Clatsop Care Center since a fall left me unable to use stairs. The staff here are kind and considerate, and my daughters are nearby. Measure 4-249 means families like mine can find quality care close to home instead of sending a loved one hours away.”

— Betty, Current Resident

GET THE FACTS ON MEASURE 4-249

WHAT IS MEASURE 4-249?

On the November 3 ballot, voters will decide whether Clatsop Care Center Health District can build a new skilled nursing facility on district-owned land on Olney Street in Astoria. The new facility will provide short- and long-term care so local families can get care close to home without driving to Portland.

WHY IS A NEW BUILDING NEEDED?

The current facility opened in 1926 and has continued to provide high-quality care. However, the building was not designed for modern skilled nursing. The proposed building would replace our 1926 care center with a new skilled nursing facility designed for safer, more accessible care locally.

HOW WILL IT BE OVERSEEN?

By law, bond money can only be spent on the voter-approved construction, never on salaries or operations. A citizen oversight committee would review spending to make sure that happens. The district is a public entity with an elected board, and it follows Oregon's public financial reporting rules.
