

COOK IN WOOD

MARABU CHARCOAL

Elevate your grill experience — Enhance the flavor of your meals

Why Marabu?

Efficiency & Durability

Superior heating power due to high density. Intense and durable heat, ideal for cooking at constant temperatures.

Safe & Clean

Eliminates the risk of sparks and ash, making clean-up easy and ensuring a safe working environment.

Natural Flavour

100% natural, with no unpleasant odours or chemicals.

Sustainability

Production is based on cutting invasive species, helping to protect native ecosystems.

Availability

Widely available in different packaging for shops and restaurants.
