ARTIST RIDER & BOOKING TERMS

Imani

IMANI has already demonstrated a natural understanding of groove, rhythm and dancefloor energy that goes far beyond his experience level.

His sound is rooted in House, Afro House and Tech House — warm, hypnotic and deeply felt. Every set tells a story, moving between tension and release in a way that feels both instinctive and intentional.

IMANI is one of Sibiu's most promising emerging artists in the electronic music scene.

IMANI is not just a DJ. He is an artist in the making — and Riviera Society recognized that from the beginning. As the official Riviera Society Resident, IMANI represents the next generation of Romanian electronic music. Raw talent.

Genuine passion. A sound that is entirely his own.
