JORDAN RAIL HEAVY HAULAGE CAPABILITIES

OVERVIEW

Jordan Rail has a transport department that transports plant, equipment, attachments, and rail materials such as rail, sleepers, overhead structures, and gantries. We also offer single-axle trucks up to 10x4 rigid trucks with or without Hiab cranes for moving attachments and small equipment.

Our quad-axle step-deck floats can move larger plant and equipment. We run Scania and Volvo prime movers with quad-axle, step-deck, rear steer floats with bi-folding ramps. These floats also have a 2.5m—3.5m hydraulic deck widening tray for the wider plant.

Our trucks are fully insured to carry third-party equipment, and our experienced drivers are more than willing to assist you in relocating your plant and project equipment anywhere in the country. Our services are available 24 hours a day, 7 days a week, every day of the year. Our services include, but are not limited to:

- Plant and Equipment Haulage
- Oversize Haulage
- Over mass Haulage
- Pilot Service
- Permits
- Timber or Concrete Sleepers
- Rail
- Turnouts
- Bridge Decks
- Ballast
- Light & Electrical Poles
- Casings or Sleeves
- Sheet Piles
- Walkways
- Gantries
- Overhead Equipment
- Steelwork

TRUCK HIRE

Jordan Rail offers many haulage truck options that can be tailored to your project. We can offer dry and wet hire options for all our equipment, with prompt 24-hour servicing. Our operators are highly professional and come with RIIS/VOC accreditation before arrival on site. Our fleet includes:

- Quad floats and dolly (up to 45 tons)
- Quad floats (up to 35 tons)
- Tri-axle floats (up to 26 tons)
- Extendable trailers (up to 27m)
- Flatbed and drop deck trailers
- B-Double Combinations
- Tilt tray trucks (8 x 4)
- Tilt tray trucks (8 x 4) with crane
- Tilt tray Trucks (8 x 2)
- Tilt tray Trucks (8 x 2) with crane
- Beavertail trucks (10 x 4)
- Beavertail trucks (8 x 4)
- Flatbed trucks (8 x 2)
- Flatbed trucks (4 x 2)
- Flatbed trucks (4 x 4)
- Flatbed trucks (4 x 4) with crane
- Flatbed trucks (4 x2) with crane
- Tri-axle plant trailers (up to 23 tons)
- Tandem axle plant trailers (up to 16 tons)

Floats (up to 45T)

Jordan Rail has various prime movers and trailer combinations capable of carrying up to 45 tonnes. We are heavily involved in supplying trucks and equipment to several rail projects. We can work on days, nights, weekends and remotely to meet the requirements of any demanding project.

Hire Type: Wet hire or Dry hire

Available throughout Australia

Tilt Trays & Crane Trucks

Jordan Rail has a variety of tilt trays and crane trucks available. These truck makes include:

- Scania
- Hino
- UD trucks

These trucks have the following specs:

- 8x4 & 6x2 Axle Configuration
- Up to 14T Payload
- Cranes with a capacity of up to 6,000kg
- Crane Reach: up to 17m
- Winch Capacity: up to 15,000kg
- Tray length to 9m
- Remote-controlled crane
- Remote-controlled tilt tray & winch
- Rail and sleeper handling equipment
- Supplied with certified lifting equipment
- Crane Integrated Management System (IMS)
- Safety handrails on the tray
- Container locks
- Pesterian warning systems
- Tier 1 civil and rail specs

Hire Type: Wet hire or Dry hire

Available throughout Australia

Flatbed & Beavertail Trucks

Jordan Rail has a variety of flatbed and beavertail trucks available. This increases our smaller load capability, which increases our fleet's flexibility. These truck makes include:

- Isuzu
- Iveco
- UD trucks

The trucks have the following specs

- 10x4, 8x4, 6x2 & 4x2 Axle Configuration
- Load Capacity ranging from 3T to 18T
- Automatic Transmissions
- Lazy Axle option
- Weighing Scales
- Safety handrails on the tray
- Container locks
- Bi-Folding Ramps
- Pesterian warning systems
- Tier 1 civil and rail specs

Hire Type: Wet hire or Dry hire

Available throughout Australia

Plant Trailers

Jordan Rail has a variety of plant trailers available for our tipper trucks, hi-rail tipper trucks, and tilt tray trucks. This will increase our smaller load capability and our fleet's flexibility.

These trucks have the following specs:

- Tri-axle and tandem axle configuration
- GVM up to 23T Payload
- Deck length up to 9m
- Hydraulic Front Leg
- Powerpack with Battery Charging System for Operation of Hydraulics Without the Truck.
- Custom-built trailers for tilt trays so that you can load and offload the tilt tray from the trailer.
- Supplied with certified lifting equipment
- Container locks
- Tier 1 civil and rail specs

Hire Type: Wet hire or Dry hire

Available throughout Australia
