VETERAN PROGRAM

Signal Health Group invests in Veterans. Training, launching, and supporting a franchisee can cost $20,000-$30,000, which is why our non-medical franchise fee is $29,500. For Veterans, we finance that cost and invest in their success! Check out these 3 options!

1. 100% internal financing for the non-medical franchise fee.
2. 75% internal financing on all other franchise fees for multi-unit start-up or expansion!
3. 100% free non-medical territory with a non-financed purchase of a medical territory

All internal financing for our Veteran programs has the following repayment schedule at 0% interest:

- First year - no payments
- Second year - 1/3rd of amount due
- Third Year - 2/3rd of amount due

+3 free months for training when first starting

OUR ADVANTAGES

It is impossible to list all the things we believe will give you an advantage over the competition, but here are some highlights!

1. **Medical upgrade options!** Most senior care companies focus exclusively on non-medical, our medical and hospice options give you unique expansion opportunities!

2. **Multiple Revenue Streams!** Most of our competition focuses exclusively on private pay. We work with you to expand into taking clients through Medicaid, Medicare, and the Department of Veteran Affairs.

3. **Franchisee Focused!** We don't have minimum royalties, minimum hour requirements, or required product or tech purchases, but we do have amply-sized territories and a great training and support system!

4. **We Care!** We started this business to help seniors, and we decided to franchise it to help you! We are not owned by a private equity company and do our best to serve you and our clients the way we would want to be served.
