WHITE PAPER: PETRA COIN (PETRA)
The Unified Digital Tourism Asset for the MENA Region & Global Heritage Circuits
Version: 2.3 (March 2026)
Issuer: Petra Coin LLC (Washington State, USA)
UBI Number: 605 980 950
Legal Status: Utility & Consumer Digital Asset

1. EXECUTIVE SUMMARY

Petra Coin (PETRA) is a premier hybrid digital asset registered in the United States, designed to institutionalize the tourism economy through a unified payment and loyalty ecosystem. By integrating Real-World Asset (RWA) data—including global gold benchmarks and tourism performance metrics—PETRA provides a stable, transparent, and scalable medium of exchange. It bridges the gap between decentralized finance (DeFi) and physical tourism infrastructure, including the newly established Golden Triangle Airlines, across the Middle East's most iconic destinations.

2. THE REGIONAL ECOSYSTEM: A GLOBAL HERITAGE HUB

PETRA serves as the digital connective tissue for a international tourism circuit encompassing:

* Jordan: The Golden Triangle (Petra, Wadi Rum, and Aqaba), the Baptism Site, and Jerash.
* Egypt: The Giza Plateau and historical heritage sites.
* Saudi Arabia: Vision 2030 landmarks (AlUla, NEOM) and Religious Tourism corridors.
* The Holy Land: Spiritual and heritage sites in Jerusalem and Nazareth.
* Global Hubs: Luxury hospitality and shopping in Dubai, Turkey, and Lebanon.

3. HYBRID ECONOMIC MODEL (RWA ANCHORING)

To ensure ecosystem stability, PETRA utilizes a multi-layered Real-World Asset (RWA) value-anchoring model, verified via decentralized Oracles:

* 20% Global Commodity Index (Gold): Providing a non-inflationary value floor.
* 30% Regional Tourism Performance Index: Tracking tourist flows and occupancy across the MENA network.

* 40% Global Tourism Velocity Index: Linked to international travel data and worldwide tourism activity.
* 10% Ecosystem Expansion Index: Reflecting the growth and integration of PETRA services within the 100JORDAN Group’s operational network and aviation projects.

4. OPERATIONAL INFRASTRUCTURE: THE STRATEGIC PILLARS

PETRA is the primary utility token powering the digital and physical operations of the 100JORDAN Group and its specialized divisions:

* GOLDEN TRIANGLE AIRLINES: The low-cost carrier based in Aqaba. PETRA will be integrated for ticket bookings, ancillary services, and cargo logistics, streamlining payments for regional and international travelers.
* GOJORDAN (AI Travel Gateway): The AI-powered engine for blockchain-based bookings and real-time travel data analytics.
* AQABA VISION (Smart Tech-Tourism): Integration into smart real-estate, eco-transportation, and AI-managed tourism hubs in Aqaba.
* JORDANAi & AV Tec: Facilitating AI-generated marketing and digital transformation services for regional operators.

5. CORE UTILITY & CONSUMER USE CASES

* Aviation & Logistics: Direct use of PETRA for booking flights and services with Golden Triangle Airlines.
* Unified Payment Gateway: Eliminating currency exchange friction for international tourists across multiple borders.
* Smart Loyalty & Rewards: A transparent "Proof of Visit" system where travelers earn PETRA for exploring heritage sites.
* Cinematic Production Payments: Streamlining financial logistics for global film studios operating in locations like Wadi Rum.

6. STRATEGIC ROADMAP 2026

* Q1-Q2: Completion of Smart Contract Security Audit (CertiK/Hacken). Launch of the PETRA Governance Portal.
* Q3: Activation of partnership with Golden Triangle Airlines and integration into its booking engine.
* Q4: Listing on Tier-1 Centralized Exchanges (CEX). Institutional private placement and global marketing rollout.

7. COMPLIANCE, GOVERNANCE & SECURITY

Operating as a US-registered LLC, Petra Coin adheres to the highest standards of transparency:

* Regulatory Alignment: Designed to meet the requirements of the CLARITY Act (2026) for digital assets.
* AML/KYC Protocols: Integration of advanced Anti-Money Laundering and Know Your Customer protocols.
* Non-Security Status: PETRA is a functional utility token. It does not represent equity ownership or a claim on the dividends of Petra Coin LLC or Golden Triangle Airlines.
