WHOLE-HOME SOFTENING + CARBON FILTRATION · LARGE HOMES

ClarityShield Dual Tank XL

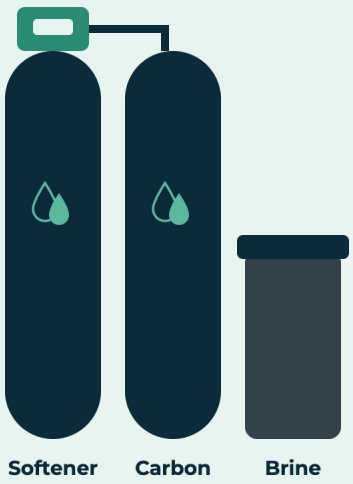

Built for larger homes: XL softening and carbon tanks, plus a commercial valve that keeps up when the whole house is running.

64,000
Grain softening capacity (rated)

32 GPM*
Commercial valve, manufacturer-rated

2 + 2
Cu ft of resin and of carbon

10 years
Warranty on tanks & dry parts

SPECIFICATIONS

System type	**Softener + whole-home carbon filter**
Softening capacity	**64,000 grains (rated max.)**
Resin	**2 cu ft · 10% crosslink cation**
Carbon media	**2 cu ft coconut-shell GAC**
Media tanks	**Two, 12" × 52" each**
Control valve	**Commercial grade**
Flow rate*	**Up to 32 GPM**
Brine / salt tank	**Included**
Regeneration	**Automatic, overnight**

*Manufacturer rating. Actual flow depends on home plumbing and water pressure.

WHAT'S INSIDE

1. **Commercial control valve**
   Rated up to 32 GPM, so pressure holds when several fixtures run at once.
2. **Softening tank**
   2 cu ft of high-capacity resin removes calcium and magnesium, with fewer regenerations.
3. **Carbon tank**
   2 cu ft of coconut-shell carbon gives more contact time for chlorine taste and odor.
4. **Brine tank**
   Holds the salt that recharges the resin. Topping up salt is the only routine homeowner task.
