WHOLE-HOME SALT-FREE CONDITIONING + CARBON FILTRATION

# ClarityShield Salt-Free System

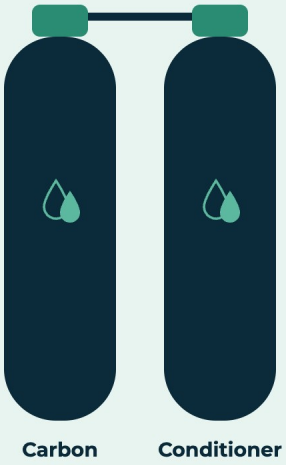

A carbon tank reduces chlorine taste and odor. A salt-free conditioner helps prevent scale from forming in pipes, fixtures and appliances. No salt, no drain, no electricity. A fit for areas that restrict salt-based softeners, such as the Santa Clarita Valley.

**28 GPM***
Manufacturer-rated flow

**0 lbs**
Salt. No brine tank or refills

**1"–1¼"**
Bypass size, fits larger lines

**10 years**
Warranty on tanks & dry parts

## SPECIFICATIONS

| | |
|---|---|
| System type | **Carbon filter + salt-free conditioner** |
| Scale control | **Reduces scale; minerals stay in** |
| Carbon media | **Coconut-shell GAC, gravel base** |
| Media tanks | **Two, 10" × 54" each** |
| Flow rate* | **28 GPM** |
| Bypass size | **1"–1¼"** |
| Salt / brine tank | **None** |
| Drain / electricity | **None required** |
| Regeneration | **None required** |

*Manufacturer rating. Actual flow depends on home plumbing and water pressure.

## WHAT'S INSIDE

1. **Carbon tank**
   Coconut-shell carbon over a polishing-gravel base reduces chlorine taste and odor at every tap.
2. **Salt-free conditioner**
   Changes how hardness minerals behave so they're less likely to stick as scale.
3. **Minerals stay in**
   Calcium and magnesium aren't removed, and no sodium is added to your water.
4. **Nothing to refill**
   No salt bags, no brine discharge, no drain line and no power outlet needed.
