Common Questions

Q: Does financing affect my credit?

A: A soft pull is used for pre-qualification and won't affect your credit score. A full application may include a hard inquiry.

Q: Can I pay it off early?

A: Yes — there's no prepayment penalty. Paying off a 0% term early simply means you're done paying sooner.

Q: Do I need good credit to qualify?

A: U.S. Bank Avvance offers a range of terms, and pre-qualification uses a soft credit pull so you can see your options before committing.
