COMMONWEALTH KARATE / GLASGOW 2026

Your coverage starts here.

Accreditation, arrival and editorial support

01 Apply for media accreditation

Submit the media accreditation form in the app. Enter your name, outlet, role, coverage plans and requested days. Apply by 31 October 2026. Applications are reviewed by the event team; submission does not confirm access. Applications must go through the form, not by email.

02 Complete your approved profile

If approved, use the individual link sent by the CKF team. Upload a recent head-and-shoulders image, check your details and days, and acknowledge the media rules. Approved days and access areas are set by the event team.

03 Bring your issued arrival pass

Keep your issued personal media pass available on your phone. Follow its reporting point and arrival instructions. Staff verify your pass and identity before issuing accreditation. Do not share your personal link, QR code or accreditation.

04 Plan your coverage

Elite Championships: 5-6 November. Club Championships: 7-8 November. Check the official competition links for the latest schedules, draws and published results. Detailed running orders can change; confirm your required session before travelling.

05 Coordinate interviews and filming

Email the CKF team with your outlet, subject, preferred day, deadline and any equipment or access requirements. Interview availability, filming permissions and special camera positions must be agreed with the event team.

MEDIA ACCREDITATION - APPLY THROUGH THE APP

COMMONWEALTH KARATE / GLASGOW 2026

Professional. Respectful. Safe.

Working at the championships

Your pass and access

Accreditation is personal. Attend only on approved days and use only the areas shown on your pass. Collect and display accreditation as directed.

Follow event instructions

Follow instructions from the media team, event officials, security and venue staff. Keep routes clear. Do not enter the competition floor or restricted areas without permission.

Photography and filming

Agree livestreaming, interviews, flash photography and special camera positions with the media team in advance. Respect no-photography notices and instructions to stop recording.

Privacy and safeguarding

Never record in changing rooms, toilets or medical treatment areas. Follow safeguarding directions, particularly when children or vulnerable people are involved. Refer any concern to event staff.

Professional conduct

Identify your outlet accurately and work considerately. Accreditation does not authorise you to speak for the organisers. The event team may restrict or withdraw access if instructions are not followed.

Artwork, photography and credits

The pack includes the championship poster and three licensed archive venue photographs. Keep poster branding intact. For photographs, use the supplied captions, credit the photographer, link to the licence and identify any changes. The archive images do not show the November 2026 karate layout. Full source and licence details are in PHOTO-CREDITS.txt. Accreditation does not itself grant broadcast rights.
