NowNow Competition - The Circuit

A - Pavilion location

B - Circuit route

C - DHL Stadium

Entry Code: TC14

Entrance Garden

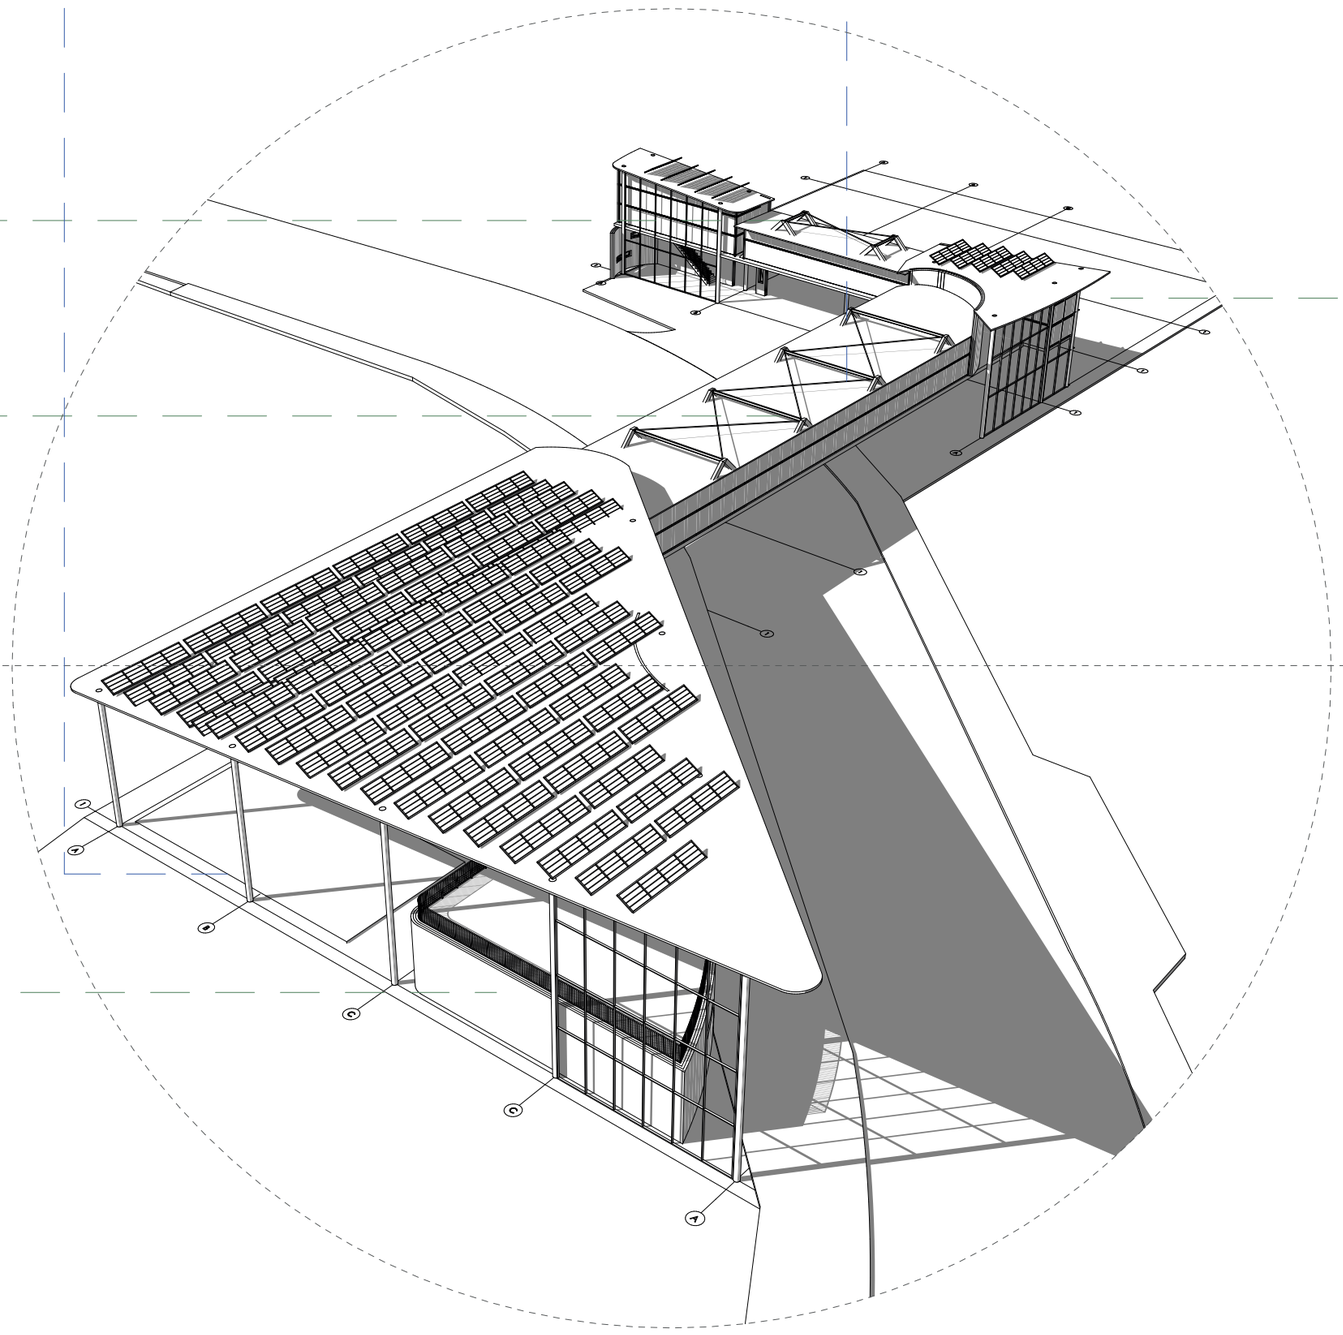

Viewing bridge

Innovation hub and new technology development

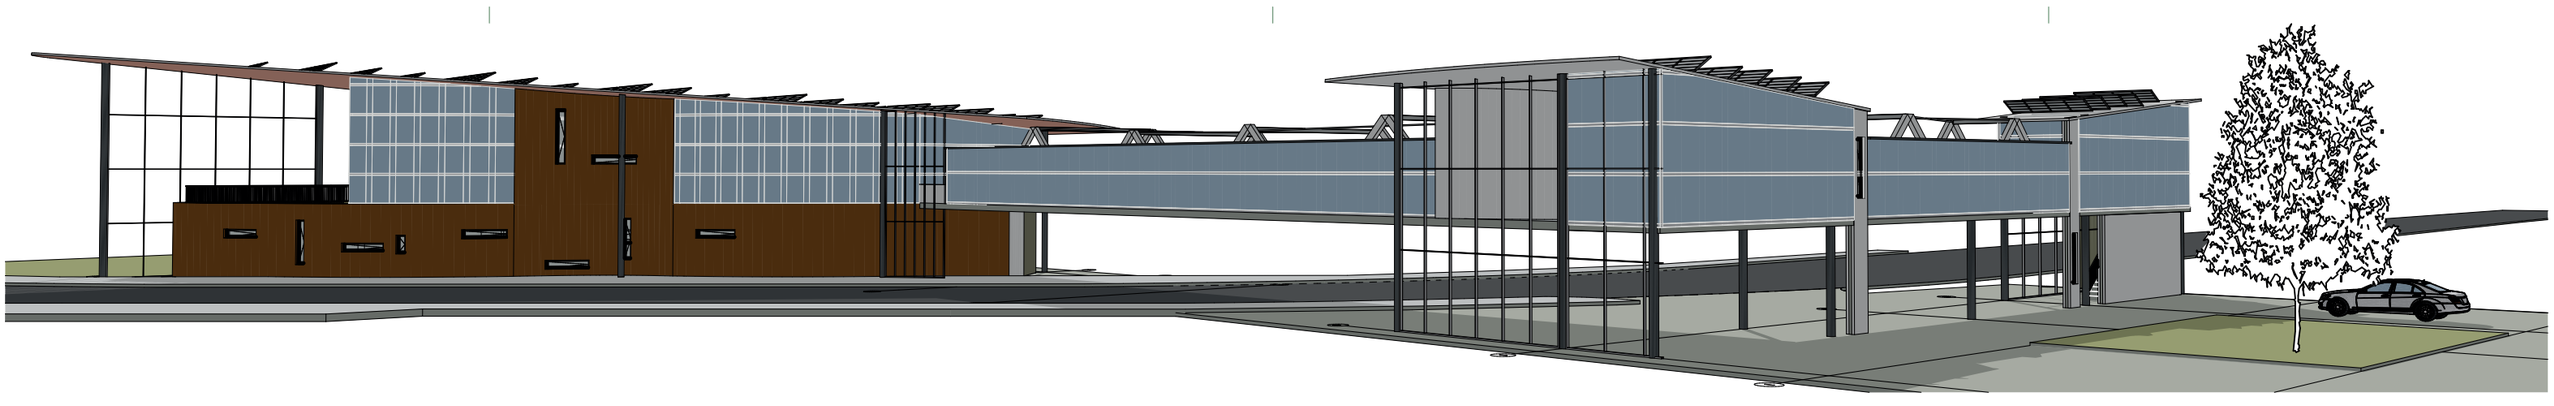

Viewing bridge with sound proof glass and seating spaces. The most currently advanced electric vehicle available will be displayed in this area to be seen by people passing and driving by. Thus encouraging them to explore electric vehicles as a viable alternative.

Museum on the ground floor displaying the history of South African motorsport. Bathrooms and a conference room on the 1st floor connect this portion of the building to the viewing bridge. A semi-covered garden greets guests at the entrance of the pavilion.

Existing parking area to be re-arranged with new electric charging points added. Electricity for the charging points supplied by solar panels on the roof and other forms of sustainable energy developed from the innovation hub.

Past **Present** **Future**
