

PT-141 / Oxytocin 5mg/10mg Intranasal Spray

15ml · 31 mcg / 62 mcg per spray · 160 sprays · Libido & Sexual Health

A synergistic nasal peptide blend combining PT-141, a centrally acting libido and arousal peptide, with Oxytocin, the hormone of connection and bonding. Together they enhance sexual desire, arousal, emotional intimacy, and interpersonal connection.

KEY BENEFITS

- Enhances sexual desire and libido centrally (not vascular)
- Deepens emotional bonding and interpersonal connection
- Elevates mood and reduces anxiety around intimacy
- Supports confidence and arousal in both men and women
- Promotes relaxation and stress reduction (Oxytocin pathway)
- Centrally mediated — effects may last several hours
- Ideal for on-demand intimacy and relational support

DOSING PROTOCOL

Dose Level	SPRAYS PT-141 / OXYTOCIN	
Starting	2 sprays	62 mcg / 125 mcg
Medium	4 sprays	125 mcg / 250 mcg
Higher	6 sprays	186 mcg / 375 mcg

ADMINISTRATION

Frequency	As needed — NOT daily
Timing	30 – 60 min before desired effect
Max frequency	2 – 3 times per week
Dose interval	24 – 48 hours between doses
Food requirement	With or without food
Storage	Refrigerated · Stable 1 year

SYNERGISTIC PAIRINGS

KISSEPTIN

Protixa ION System™

PATENTED IONIC LIQUID DELIVERY TECHNOLOGY

- Enhanced bioavailability comparable to injectable routes
- Dual-polarity solubilization for improved peptide stability
- Keratin modulation supporting trans-epithelial transport
- No emulsifiers or encapsulation required
- Direct systemic + CNS absorption — bypasses first-pass metabolism

INTRANASAL ADVANTAGES

- Direct CNS absorption — bypasses vascular pathways entirely
- Bypasses GI digestion and first-pass liver metabolism
- Lower effective dose required vs. subcutaneous injection
- Effects are centrally mediated and may last several hours
- Preferred for patients with needle aversion or compliance concerns

MANUFACTURING

GMP-certified via Pacific Manufacturing & Design LLC · FDA-registered (Reg. 15492349536) · Compliant with 21 CFR Parts 111, 117 & 11

QUALITY ASSURANCE

Third-party COAs from AxisPharm LLC · Full LCMS identity · >99% purity · LAL endotoxin testing · Net peptide mass verified · Batch-level traceability

DOCUMENTATION PROVIDED

cGMP & FDA certificates · Third-party COAs · SDS sheets · Product inserts · Storage guidelines · Batch numbers · Stability & purity data
