

CAPABILITY STATEMENT

Small Arms • Firearms Manufacturing • Defense Supply • Federal Contracting

COMPANY OVERVIEW

DA Precision Arms LTD CO is a veteran-owned small business and federally licensed firearms company supporting government, defense, law-enforcement, public-safety, and commercial requirements. The company combines firearms manufacturing, ammunition manufacturing, licensed firearms dealing, military logistics experience, armorer knowledge, and federal contracting capability.

DA Precision supports small-arms procurement, firearms and ammunition manufacturing, NSN and manufacturer-part-number sourcing, armorer and maintenance support, weapon-system hardware, tools, cases, industrial supplies, and other government-specified commercial products.

The company also maintains an Advanced Concepts / R&D program focused on unmanned systems, robotics, communications, AI-enabled mission technologies, and future defense applications.
