## Community Focus Lead and Teacher, Nant Celyn Primary School

As a school, we had good numbers of pupils enjoying sport but the School Sport Survey helped us pinpoint areas where we could improve further.

We have made more sports available as part of our PE and after-school clubs. But we're still at the beginning of our journey. The support we now have in place will help our teaching team grow in confidence. We'll continue strengthening our links with the community and encouraging our pupils to be healthy, confident and ambitious in PE as we keep developing our offer.
