RESOLUTION

NATIONAL SCIENCE BOARD

SACRAMENTO PEAK OBSERVATORY RECORD OF DECISION

Whereas NSF has, consistent with NSB 2017-33, informed the National Science Board of several alternatives regarding the future of the Sacramento Peak Observatory;

RESOLVED, that the National Science Board authorizes the Director (or her designee), at her discretion, to issue a Record of Decision selecting Alternative 2: *Transition to Partial Operations by Interested Parties with Reduced NSF Funding* (Agency-Preferred Alternative) for implementation and that, if viable external support for partial operations of the Sacramento Peak Observatory is not obtainable in the following three years, Alternative 4: *Demolition and Site Restoration* (Secondary Agency-Preferred Alternative) is to be implemented.
