

Friends of Sunspot

Supporter Action Packet

This Supporter Action Packet gives you everything you need to make your voice heard. By contacting our representatives, you help show that Sunspot matters - to education, to science, to our rural economy, and to the identity of New Mexico itself.

Your voice can make the difference.

Use the tools in this packet to speak up and help protect Sunspot before it is too late.

Senator Martin Heinrich

Call Script

Hello, my name is [Name], and I live in [City/County], [State].
I am calling to urge the Senator/Representative to support efforts to protect and preserve the Sunspot site. Sunspot is an important scientific, historical, and community resource, and we need federal support to ensure it remains open, and accessible to the public. Thank you for your time.

Email Template:

Subject: Please Support the Future of Sunspot

Dear Senator/Representative,

I am writing as a constituent from [City/County], [State] to express my strong support for preserving and protecting the Sunspot site. Sunspot is a vital scientific and historical resource, a hub for astrotourism, and an important part of New Mexico's identity. I urge you to advocate for its continued operation, and public accessibility.

Thank you for your leadership and attention to this matter.

Sincerely,
[Name]

Key Talking Points:

- Sunspot is a historic scientific facility with national significance.
- It remains an active center for public outreach, education, and tourism.
- The site is safe, valuable, and widely supported by the community.
- Federal support is essential to ensure its future.

How This Helps

Your outreach shows our elected officials that Sunspot matters - to education, science, tourism, and New Mexico's identity. Public pressure is the most effective tool we have right now.
