

Smart. Seamless. Bespoke.

Integrated Washroom Mirror Cabinets by Lumos Mirrors

Transform the Modern Washroom

Reimagine what a commercial washroom can be. Lumos brings together **design, technology, and operational efficiency** into one seamless, fully integrated system — elevating every touchpoint of the user experience while simplifying everything behind the scenes.

The Challenge

Most commercial washrooms are built from a patchwork of disconnected products — and it shows. The result is a fragmented experience for users and a persistent headache for operators and facility teams.

Visual Clutter

Mismatched fixtures undermine brand quality and first impressions.

High Maintenance Costs

Multiple vendors, systems, and service contracts drive up overhead.

Complex Installation

Coordinating multiple trades adds time, cost, and risk to every project.

Inconsistent Experience

Disjointed products fail to deliver a cohesive, premium environment.

The Solution

All-in-One Integrated Mirror Cabinet System

A single, fully preassembled unit that consolidates every washroom essential into one refined, intelligent system.

Touch-Free Soap Dispensing

High-Efficiency Hand Drying

Towel & Waste Management

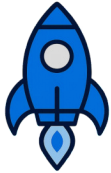

Integrated Lighting & Defogging

Fully Concealed Services

✔ **One system. One installation. Total simplicity.**

Why Choose Lumos?

Seamless Design

Clean lines, no clutter. Every component is concealed behind a refined, modern surface that elevates any environment.

Bespoke Flexibility

Tailored to your space, brand, and layout with custom sizing, configurations, and premium finishes.

Faster Installation

Prebuilt and factory-tested units reduce on-site installation time by up to **60%**, minimising disruption.

Effortless Maintenance

Integrated access panels streamline servicing, reduce trade visits, and minimise costly downtime.

ADVANCED FEATURES

Smart Lighting

- Adjustable colour temperature for any ambience
- Motion-activated to reduce energy consumption
- Full RGB capability for brand-aligned lighting

Integrated Defogging

- Instant-clear mirrors in high-humidity environments
- Sensor-controlled heating elements
- Always-ready surface performance

Digital Display Integration

Turn mirrors into intelligent engagement surfaces that work for your business around the clock.

→ **Advertising & Revenue** — monetise high-footfall washroom space

→ **Wayfinding & Real-Time Updates** — guide and inform visitors instantly

→ **Emergency Messaging** — critical communication when it matters most

→ **Brand Storytelling** — reinforce identity at every interaction

Premium Finishes & Customisation

Every Lumos cabinet is engineered to complement the most demanding architectural briefs — where **aesthetics matter as much as performance.**

Brushed & Polished Aluminium

Brass & Matte Finishes

Custom RAL Colour Matching

Anti-Fingerprint Coatings

Ideal Applications

**Airports & Transport
Hubs**

**Luxury Hotels &
Hospitality**

Corporate Offices

Shopping Centres

**Stadiums &
Entertainment**

Healthcare & Education

Value for Every Stakeholder

OPERATORS

Lower maintenance costs, faster project delivery, reduced cleaning time, new revenue opportunities.

ARCHITECTS AND DESIGNERS

Clean cohesive aesthetics, simplified specification, full creative flexibility.

END USERS

Touch-free hygiene, fog-free mirrors, premium intuitive experience.

Lumos is built to deliver measurable value across every level of the project — from procurement through to daily use. Whether you're managing operational budgets, specifying for a flagship development, or simply walking in to wash your hands, the Lumos system raises the bar.

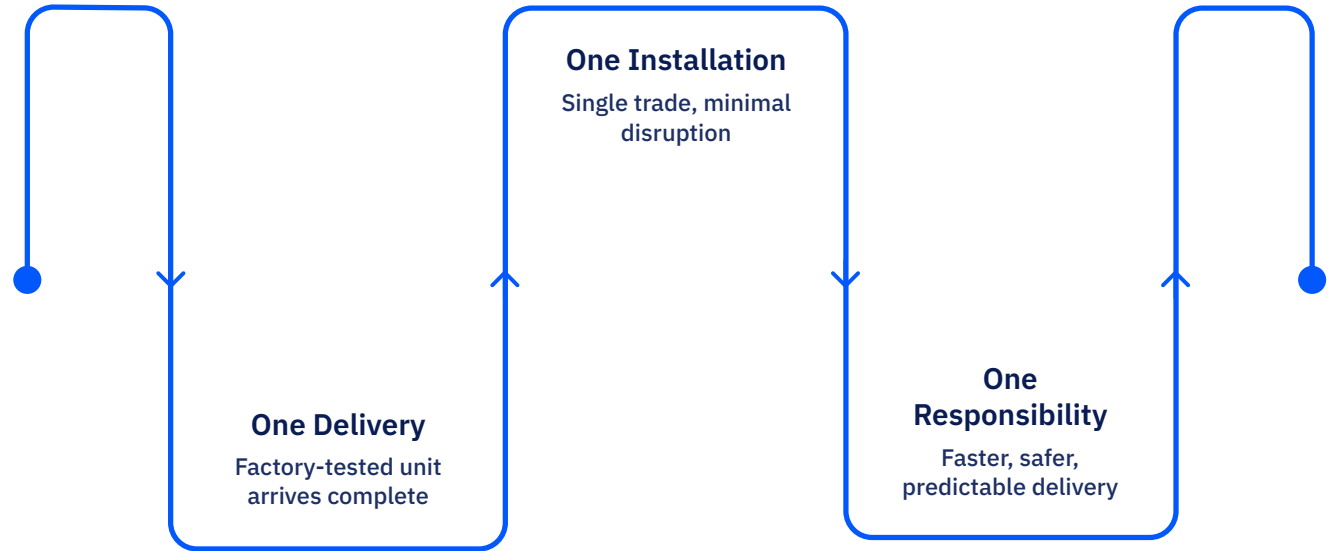

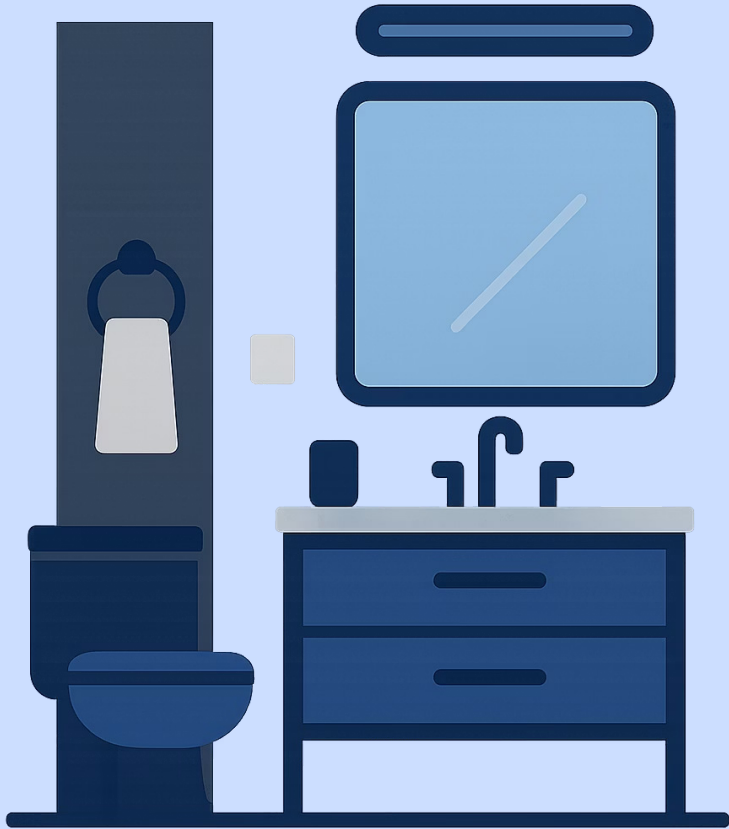

A single solution that serves operators, designers, and end users equally well.

A Smarter Approach to Installation

Traditional washroom fit-outs demand multiple trades, staggered timelines, and complex coordination. Delays compound. Costs escalate. Quality becomes inconsistent.

Lumos eliminates the complexity:

More Than a Washroom

With Lumos, your washroom becomes a strategic asset — not just a utility space.

A Brand Experience

Every detail reflects your identity and quality standards.

A Communication Platform

Digital displays deliver messaging, wayfinding, and real-time updates.

A Design Statement

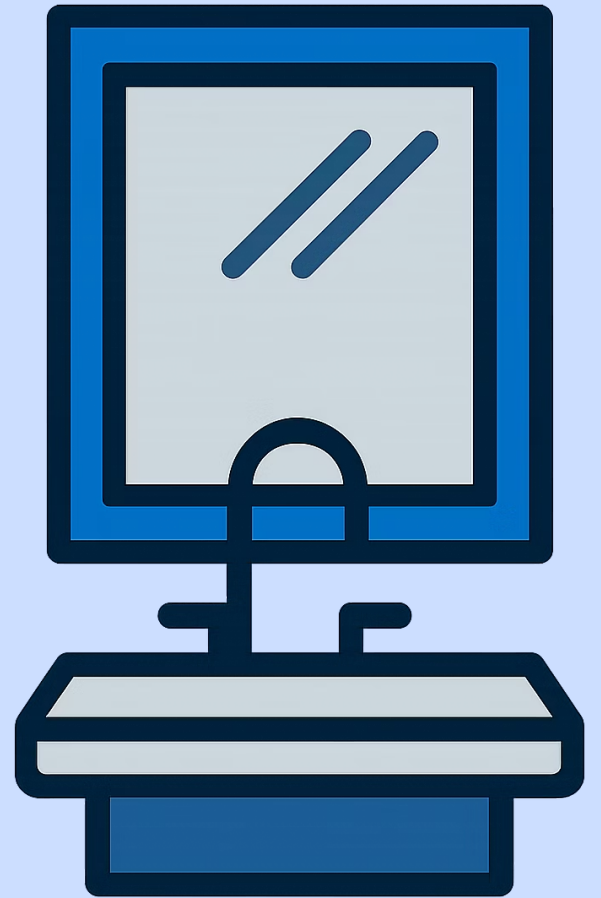

Premium finishes and seamless form command attention.

A Revenue-Generating Asset

Monetise high-footfall space through integrated digital advertising.

Set a New Standard.

Cleaner. Smarter. More efficient. Integrated mirror cabinets by Lumos aren't simply an upgrade to existing washroom design — they represent a **complete redefinition** of what commercial washrooms can deliver for operators, architects, and the people who use them every day.
