

Connecting to Live Language Translation

Using your mobile device

Follow the steps below to connect to the building's wireless network and hear the live language translation using your personal mobile device and earphones. If you run into any challenges, don't hesitate to reach out to your local unit or meetinghouse technical support team.

1. Preparation Step: Install the ListenWIFI App

- A. Open your mobile device app store (App Store or Google Play Store).
- B. Search for **ListenWIFI**, or scan a QR Code below to download and install the app.

Android:

Apple:

2. When at the Stake Center, Connect to the Liahona Wireless Network

Note: These steps need to be done while at church with your mobile device.

- A. On your device, go to Settings and open the **Wi-Fi network** settings.
- B. Select the network named **Liahona**.
- C. Enter the password: **alma3738**
- D. Or simply scan this QR code to connect to the Liahona wireless network:
- E. First time connecting: Accept the Terms of Use when prompted to complete the network connection.

3. Configure and Use the App

Note: Translation channels are only available at the stake center (1480 Knuth Road, Boynton Beach, FL)

- A. Open the ListenWIFI app and let it connect to your phone.
- B. If needed, tap **VENUE SCAN** to find the audio system.

4. Choose Your Audio Channel

- A. Chapel audio (English) is the first selection
- B. Spanish audio will be on Channel 5
- C. Creole will be on Channel 6

5. Direct Links to Your Audio Channel

Once you have the app installed, you can access a language directly on your mobile device.
Click the icon or scan the QR code below for your language:

🌐 **Español (Spanish)**

🌐 **Kreyòl Ayisyen (Haitian Creole)**
