

MUZZLE VELOCITY: 280-325 FPS

EMC 100

The EMC 100 is a .68 caliber magazine-fed and hopper compatible launcher powered by high-pressure air, delivering precise, repeatable projectile deployment. Its frame and ergonomic design enable rapid follow-up shots and intuitive handling. Fully mechanical and battery-free, the EMC 100 operates reliably across diverse environmental conditions.

SPECIFICATIONS:

Caliber	Weight	Length	Effective Range	Power Source	Action	Capacity
0.68	5lbs 12oz	29" Inch	11 yards (Point) 33 Yards (Area)	High Pressure Air	Semi-Auto	20/Mag 160/Tank

FEATURES:

- Fully mechanical, battery-free
- Ergonomic, lightweight chassis
- M-LOK accessory rails
- Quick-disconnect sling mount
- Crossbolt safety
- Compatible with hopper
- Zero-recoil operation
- Integrated velocity adjuster
- Picatinny optic mount
- Durable alloy/polymer construction
