

EFFECTIVE RANGE: 30+ FEET

PENSHOT

The PenShot is a discrete, high-impact defense tool disguised as a functional pen. Designed for self-defense, law enforcement, and everyday carry, it delivers a potent PAVA/capsaicin payload up to 30 feet using precision gas propulsion. With its sleek form factor, multi-step safety, and instant deployment, the PenShot combines stealth, reliability, and stopping power in one compact device.
