

EFFECTIVE RANGE: 50+ FEET

STICKSHOT

The StickShot is a compact, high-dispersion defense launcher designed for self-defense, law enforcement, and rapid-response scenarios. Powered by compressed nitrogen, it delivers a powerful 16 million Scoville PAVA/capsaicin plume up to 50 feet with instant, consistent pressure. With its discreet form factor, multi-step safety, and rugged all-weather performance, the StickShot is engineered for control when it matters most.

SPECIFICATIONS:

Velocity	Irritant	Length	Width	Power Source	Weight	Payload Capacity
275 Fps	Capsaicin PAVA	6.65" Inch	0.875" Inch	Nitrogen	116 Grams	6 Grams

FEATURES:

- Multi-step safety system
- Built-in glass breaker
- Clip-compatible
- Multiple Payload Types
- No battery or electronics
- Durable, impact-resistant
- Reloadable
- Serrated Edge
- Compressed nitrogen propulsion
- 3-year shelf life
