ECO-RESPONSIBLE DEVELOPER

The GreenRE logo has been the hallmark symbol for buildings and townships nationwide that encourages sustainable living for residents and developer.

At EXSIM, every venture we take utilised technology in an intelligent and organic manner for the advancement of mankind.

We are also equally intensifying our efforts to create buildings with a specific character which exemplify innovative green features.

Connecting Worlds, Bridging Cultures

Causewayz Square isn't just a name – it's a vision. Inspired by the iconic Johor-Singapore Causeway, this integrated development represents more than a physical connection; it symbolizes unity, cultural fusion, and progress. As the gateway between Johor Bahru and Singapore, Causewayz Square creates a seamless lifestyle experience for cross-border travelers, residents, and global citizens alike.

Seamless Cross-Border Living

Strategically nestled in the heart of Johor Bahru City Centre (JBCC), Causewayz Square places you mere minutes from Singapore. Just approximately 600 meters from the CIQ (Customs, Immigration & Quarantine) complex and approximately 400 meters from the JB Sentral Mall, residents enjoy unrivalled convenience with a direct link bridge to the upcoming RTS Bukit Chagar Station.

This connection means a future commute to Singapore in as little time as possible, redefining daily cross-border travel for work, education, and leisure. Looking further ahead, the upcoming Electric Train Service (ETS) will connect Johor Bahru to Kuala Lumpur with a travel time of only 3 hours and 30 minutes, revolutionizing long-distance mobility.

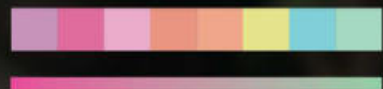

Whether you're commuting, exploring, or investing, Causewayz Square is positioned at the very crossroads of Malaysia and Singapore's dynamic future.
