

Silly Nice is a Black-owned, Veteran-owned cannabis brand proudly built in New York and focused on producing premium small-batch cannabis products for modern consumers who value quality, transparency, and authentic culture. Known for products like Diamond Powder, Bubble Hash, Frosted Hash Balls, infused flower, and premium vape cartridges, Silly Nice has quickly become one of the most recognized independent cannabis brands in licensed New York dispensaries. Every product is carefully crafted, lab-tested, and designed to deliver strong effects, rich terpene profiles, and consistent experiences for both experienced consumers and everyday smokers.

Rooted in New York cannabis culture, Silly Nice combines traditional craftsmanship with modern innovation across concentrates, infused flower, vapes, and solventless products. The brand focuses heavily on clean ingredients, full-spectrum cannabinoid profiles, terpene preservation, and small-batch production methods that prioritize flavor, potency, and overall experience. Sustainability also plays a major role in the company's mission, with packaging created using ocean plastic, hemp, and recycled glass whenever possible.

Beyond cannabis products, Silly Nice represents a larger mission centered around community, culture, authenticity, and accessibility within New York's legal cannabis industry. Through education, transparency, and consistent product quality, the company continues to build a loyal following across the state while helping shape the future of independent cannabis in New York. Consumers can learn more about the brand, products, locations, and mission by visiting sillynice.com.
