55m / Roll

Roll Length

Zero Residue

Clean Removal

KEY FEATURES

Heat Resistance

Survives standard paint booth bake cycles up to 80°C / 176°F for 30 minutes without adhesive failure or residue.

Conformable Crepe

Wraps cleanly around headlights, mirrors and irregular curved body panels for sharp, precise masking lines.

Full Paint Compatibility

Works with waterborne, solvent-based, lacquers, primers and powder coating. No bleed-through on any finish.

Clean One-Piece Removal

Peels off in one piece leaving zero adhesive residue or ghosting, even after extended high-temperature cycles.

TECHNICAL SPECIFICATIONS

55m / 60.1 yds · same performance across all widths

Made in Italy

Backing	Saturated crepe paper, lemon yellow
Adhesive	High-tack rubber resin
Heat resistance	80°C / 176°F (30 min)
Waterproof	Full waterproof backing & adhesive
Adhesion	4.5 N/25mm to steel
