SAVANNA Luxury Tents & Habitats

Introduction: The Central Pavilion Collection

The Central Pavilion Collection by Savanna Luxury Tents & Habitats represents the architectural and emotional heart of every Savanna property — the place where guests gather, connect, and experience the essence of the wilderness in refined comfort.

Each pavilion is conceived as a sculptural centerpiece — a seamless blend of tensile architecture, timber craftsmanship, and open-air elegance. Beneath its sweeping canopy, guests are welcomed into spaces that flow effortlessly between reception, dining, lounge, and bar, all designed to frame nature as the true luxury.
