

Proud Sponsor of the Evening Dinner

AVIATION FIRE TRAINING SYMPOSIUM

Fire Service College · Moreton-in-Marsh · Thursday, 1 October 2026

AN INVITATION TO AIRPORT FIRE PROFESSIONALS FROM ACROSS THE UK AND EUROPE

Dear Colleague,

On behalf of the Fire Service College, it is our pleasure to invite you to the **Aviation Fire Training Symposium**. A dedicated, full-day event designed exclusively for airport fire decision-makers, ARFF Managers, Fire Chiefs, and training professionals from across the UK and Europe.

This is a unique opportunity to experience the full breadth of FSC's world-class aviation training offering first-hand, from live demonstrations and our state-of-the-art ARFF FBT Simulator, to immersive training demonstrations, an aviation apprenticeship briefing, and the very latest developments in hydrogen fire training. The day concludes with a sponsored Gala Dinner, courtesy of Angloco, providing an excellent opportunity to network in a relaxed and enjoyable setting.
