KEY CUSTOMERS

QUALIFICATIONS, ACCREDITATIONS, AWARDS

- All consultants are qualified lead auditors against the ISO Standards: 9001, 14001, 45001.

COMPANY DESCRIPTION

- Multidisciplinary consultancy providing specialist support in Safety, Health, Environment and Quality.
- Delivers confidence through practical, fit-for-purpose solutions tailored to each client's operational environment.

CORE CAPABILITIES

SHEQ SERVICES

- Integrated ISO 45001 / 9001 / 14001 systems
- End-to-end ISO certification support
- Psychosocial risk (ISO 45003 aligned)
- Risk assessments & compliance
- Incidents & corrective actions
- Emergency planning
- Tailored, scalable services
- Internal & external audits

OPERATIONAL SUPPORT

- Onsite / remote HSE resources
- Projects, shutdowns, construction
- Environmental approvals & reporting
- Sustainability & environmental risk

ASSURANCE

- Contractor verification
- Non-conformance management
- Regulator & client representation

DIFFERENTIATORS

- **Embedded delivery:** Secondments and project support that add hands-on execution capacity.
- **Bid-to-delivery support:** End-to-end coverage from prequalification, tendering to execution.
- **ISO certification support:** Practical, structured guidance from initial gap assessment to development and implementation through the certification and ongoing maintenance.
- **Industry credibility:** Proven experience in high-risk operations and complex contractor environments.
