IQF Peas and Carrot Dices Mix

The demand for frozen green peas and Carrot Dices has been increasing in the international market. We are ready to meet this demand with our quality IQF green peas and Carrot. After careful sorting, the green peas and Carrot dices are passed through quick freezing process separately and then mixed in a ratio desired. This keeps each pea and carrot fresh and separate, in comparison to block freezing. Mix is packaged and supplied under strict hygiene conditions. Our attempts in retaining nutritional value make them tasty.
