Letter of Reference

Tyler Bayley and his organization: Bayley Publishing (15618070 Canada Inc.) has been a continued partner with The Town of Aurora for the past two years. Delivering specialized youth programs including Confidence Speaker 1, Confidence Speaker 2, and Confident Leaders. Throughout our professional relationship, Tyler has consistently conducted himself with the utmost integrity, ensuring all administrative and instructional aspects of his courses are handled with a high level of care and attention to detail.

We receive positive feedback from participants and parents regarding his courses. I highly recommend his programs to any elementary school students entering high school, as his work provides a meaningful foundation for students during this significant academic transition. He remains a trusted professional in the field of youth development.

Sincerely,

Miranda Link
