

Quality Policy

Appendix 1, Rev. 1

Release Date: 08/22/2026

Approved By: AJ Jones

To facilitate a solid reputation for delivering quality parts, achieving timely delivery, and providing competitive pricing, our organization has developed a Quality Management System to better satisfy the needs of our customers and to continually improve the overall management and success of the company. In doing so, this Quality Policy has been formulated, implemented, and is committed to:

- Consistently meeting customer requirements
- Always providing our customers with the best products available
- Continually improving the Quality Management System and the service we provide to our customers
- Adhering to all customer requirements, statutory and regulatory requirements, as well as those requirements defined in the International Standard

In an effort to make our policy memorable to all employees and customers, we have decided to adopt a Quality Slogan that we feel incorporates all the statements listed above. That slogan is:

Built To Spec, Delivered On Time!
