

Refund & Cancellation Policy

Subscription, free-trial, cancellation, and refund terms

Effective and Last Updated: August 21, 2026

This Refund & Cancellation Policy applies to subscriptions for FlipScope purchased through Whop. FlipScope is the supplier of the Service; Whop handles checkout, subscription billing, payment processing, and related platform services. This document may be uploaded to Whop as FlipScope's Return Policy.

1. ALL SALES ARE FINAL

ALL PAID FLIPSCOPE SUBSCRIPTION SALES ARE FINAL. Once a monthly or annual subscription charge has been processed, the charge is non-refundable and non-proratable. FlipScope does not provide refunds, credits, exchanges, or partial refunds for unused subscription time, except where a refund or reversal is required by applicable law or must be processed by Whop under its payment-processing obligations.

For clarity, FlipScope does not issue refunds because of:

- Failure to cancel a free trial before it converts to a paid subscription.
- Failure to cancel before a monthly or annual renewal charge.
- Change of mind, accidental continued subscription, or forgetting to cancel.
- Not using, partially using, or no longer needing the Service.
- Dissatisfaction with features, estimates, calculations, AI-assisted outputs, or investment results.
- Incorrect, incomplete, or changing ARV, comp, rehab, financing, property, or market assumptions.
- A property, deal, contractor, lender, market, or investment outcome differing from a FlipScope projection.
- Unused time remaining in a monthly or annual billing period.

2. 7-Day Free Trial

When a 7-day free trial is offered at checkout, you select either the monthly or annual plan and provide a valid payment method before the trial begins. The FlipScope subscription price is not charged during the trial.

Unless you cancel before the 7-day trial expires, the trial automatically converts to the plan you selected and Whop charges the payment method on file. IF YOU DO NOT WANT TO BE CHARGED, YOU MUST CANCEL BEFORE THE TRIAL ENDS. A charge caused by failing to cancel before the trial expires is not refundable under FlipScope's policy.

3. Automatic Renewal

Paid monthly subscriptions renew monthly and paid annual subscriptions renew annually until canceled. To avoid a renewal charge, you must cancel before the applicable renewal date. Once a renewal charge has been processed, it is final and non-refundable under this Policy.

4. Cancellation

You may cancel through the subscription or membership controls in your Whop account. Cancellation stops FUTURE renewal charges only.

If you cancel during the free trial before it expires, you will not be charged the selected subscription fee. If you cancel after a paid subscription period has begun, your cancellation will prevent the next renewal, but the charge already processed will not be refunded or prorated. Access generally remains available through the end of the paid period unless it is otherwise terminated under the Terms of Use, a payment is reversed, or Whop takes an account action.

5. Access or Technical Problems

If you cannot access FlipScope or believe there is a material technical problem, contact the FlipScope seller through the messaging or support options shown in your Whop membership, purchase details, or receipt. We will first attempt

FLIPSCOPE

to restore access or resolve the technical issue. A technical issue does not create a general right to a refund, except where required by applicable law.

6. Payment-Layer Errors and Mandatory Reversals

The all-sales-final policy applies to FlipScope product and subscription refund requests. It does not override payment reversals that Whop is required or permitted to process under its platform obligations, applicable law, card-network rules, bank or card-issuer rights, fraud controls, or confirmed payment-layer issues.

Examples may include a confirmed duplicate payment, processing error, unrecognized charge, fraud or unlawful transaction, or another reversal required by law or payment-network rules. These circumstances are handled through Whop and do not create a discretionary FlipScope refund right.

7. Chargebacks and Payment Disputes

Nothing in this Policy limits any non-waivable right you may have to dispute a charge with your bank or card issuer. However, a disagreement with FlipScope's no-refund policy, failure to cancel on time, non-use, or dissatisfaction with the Service does not by itself create a FlipScope refund entitlement.

8. Mandatory Consumer Rights

Nothing in this Policy limits consumer rights that cannot legally be waived. If applicable law gives you a mandatory cancellation, withdrawal, or refund right, that law controls to the extent required. For certain digital services, applicable law may permit statutory withdrawal rights to end once immediate digital access begins after the required consent and acknowledgment at checkout.

9. Pricing

FlipScope is currently offered at \$19.99 per month or \$199 per year unless a different price or promotion is displayed at checkout. Applicable taxes and Whop or payment-processing fees, if any, may be added and will be shown before purchase.

10. Changes to This Policy

We may update this Policy for future purchases or renewals as the Service, pricing, Whop requirements, or applicable law changes. The current version will display its Last Updated date. Changes will apply as permitted by law and the terms accepted at checkout.

11. Contact

For cancellation, access, or product-related questions, contact the FlipScope seller through the communication options shown in your FlipScope Whop membership, purchase details, or receipt. For payment-layer issues, use Whop's support channels.
