EXTERIOR SHADES

Our Superior Blinds Exterior Shades ensure weather protection and add visual aesthetics to any home. No longer limit your living space to the inside of your house. Exterior shades will give you and your family an additional level of privacy.

EXTERIOR SHADE OPTIONS

ZIP-EXT ZIPPER TRACK

The Zipper Exterior Shade is ideal for your balconies, terraces and porches.

We manufacture zipper shades to fit neatly into their cassette compartments so they remain protected. We also ensure that they are fully functional in any weather condition.

FORCE EXTERIOR SYSTEM

Our new Force system provides the resistance of an exterior shade with the aesthetically pleasing look of an interior shade.

This highly durable system can be used both outdoors and indoors. When it comes to installation and configuration this is a highly versatile system.

EXTERIOR SHADE COLLECTION

Our Exterior ZIPPER shades can cover surfaces up to 19' in width and 12' in height. The ZIPPER Shade is manufactured with a zipper like detail welded to the vertical edges of the fabric. These zippers run in tracks on each side to prevent the fabric from being pushed out of the aluminum side channels.

Force exterior shades can be used with Cable or Rod guidance options and with Crank or Motor operation systems. This system is perfect for roller shades that are up to 16 feet.

HORIZONTAL BLINDS

Our horizontal blinds are available with wood slats and aluminum coils. To learn more about using our horizontal blinds in your project.

CELLULAR SHADES

The concept of minimizing the stack height in a basically decorative shade is the main characteristic of the cellular shades we make at Superior Blinds Mfg. Additionally, we've engineered our cellular shades for durability, energy efficiency, and style. You'll find the right solutions for your decorative or sun protection needs within our collection.

CELLULAR SHADE COLLECTION

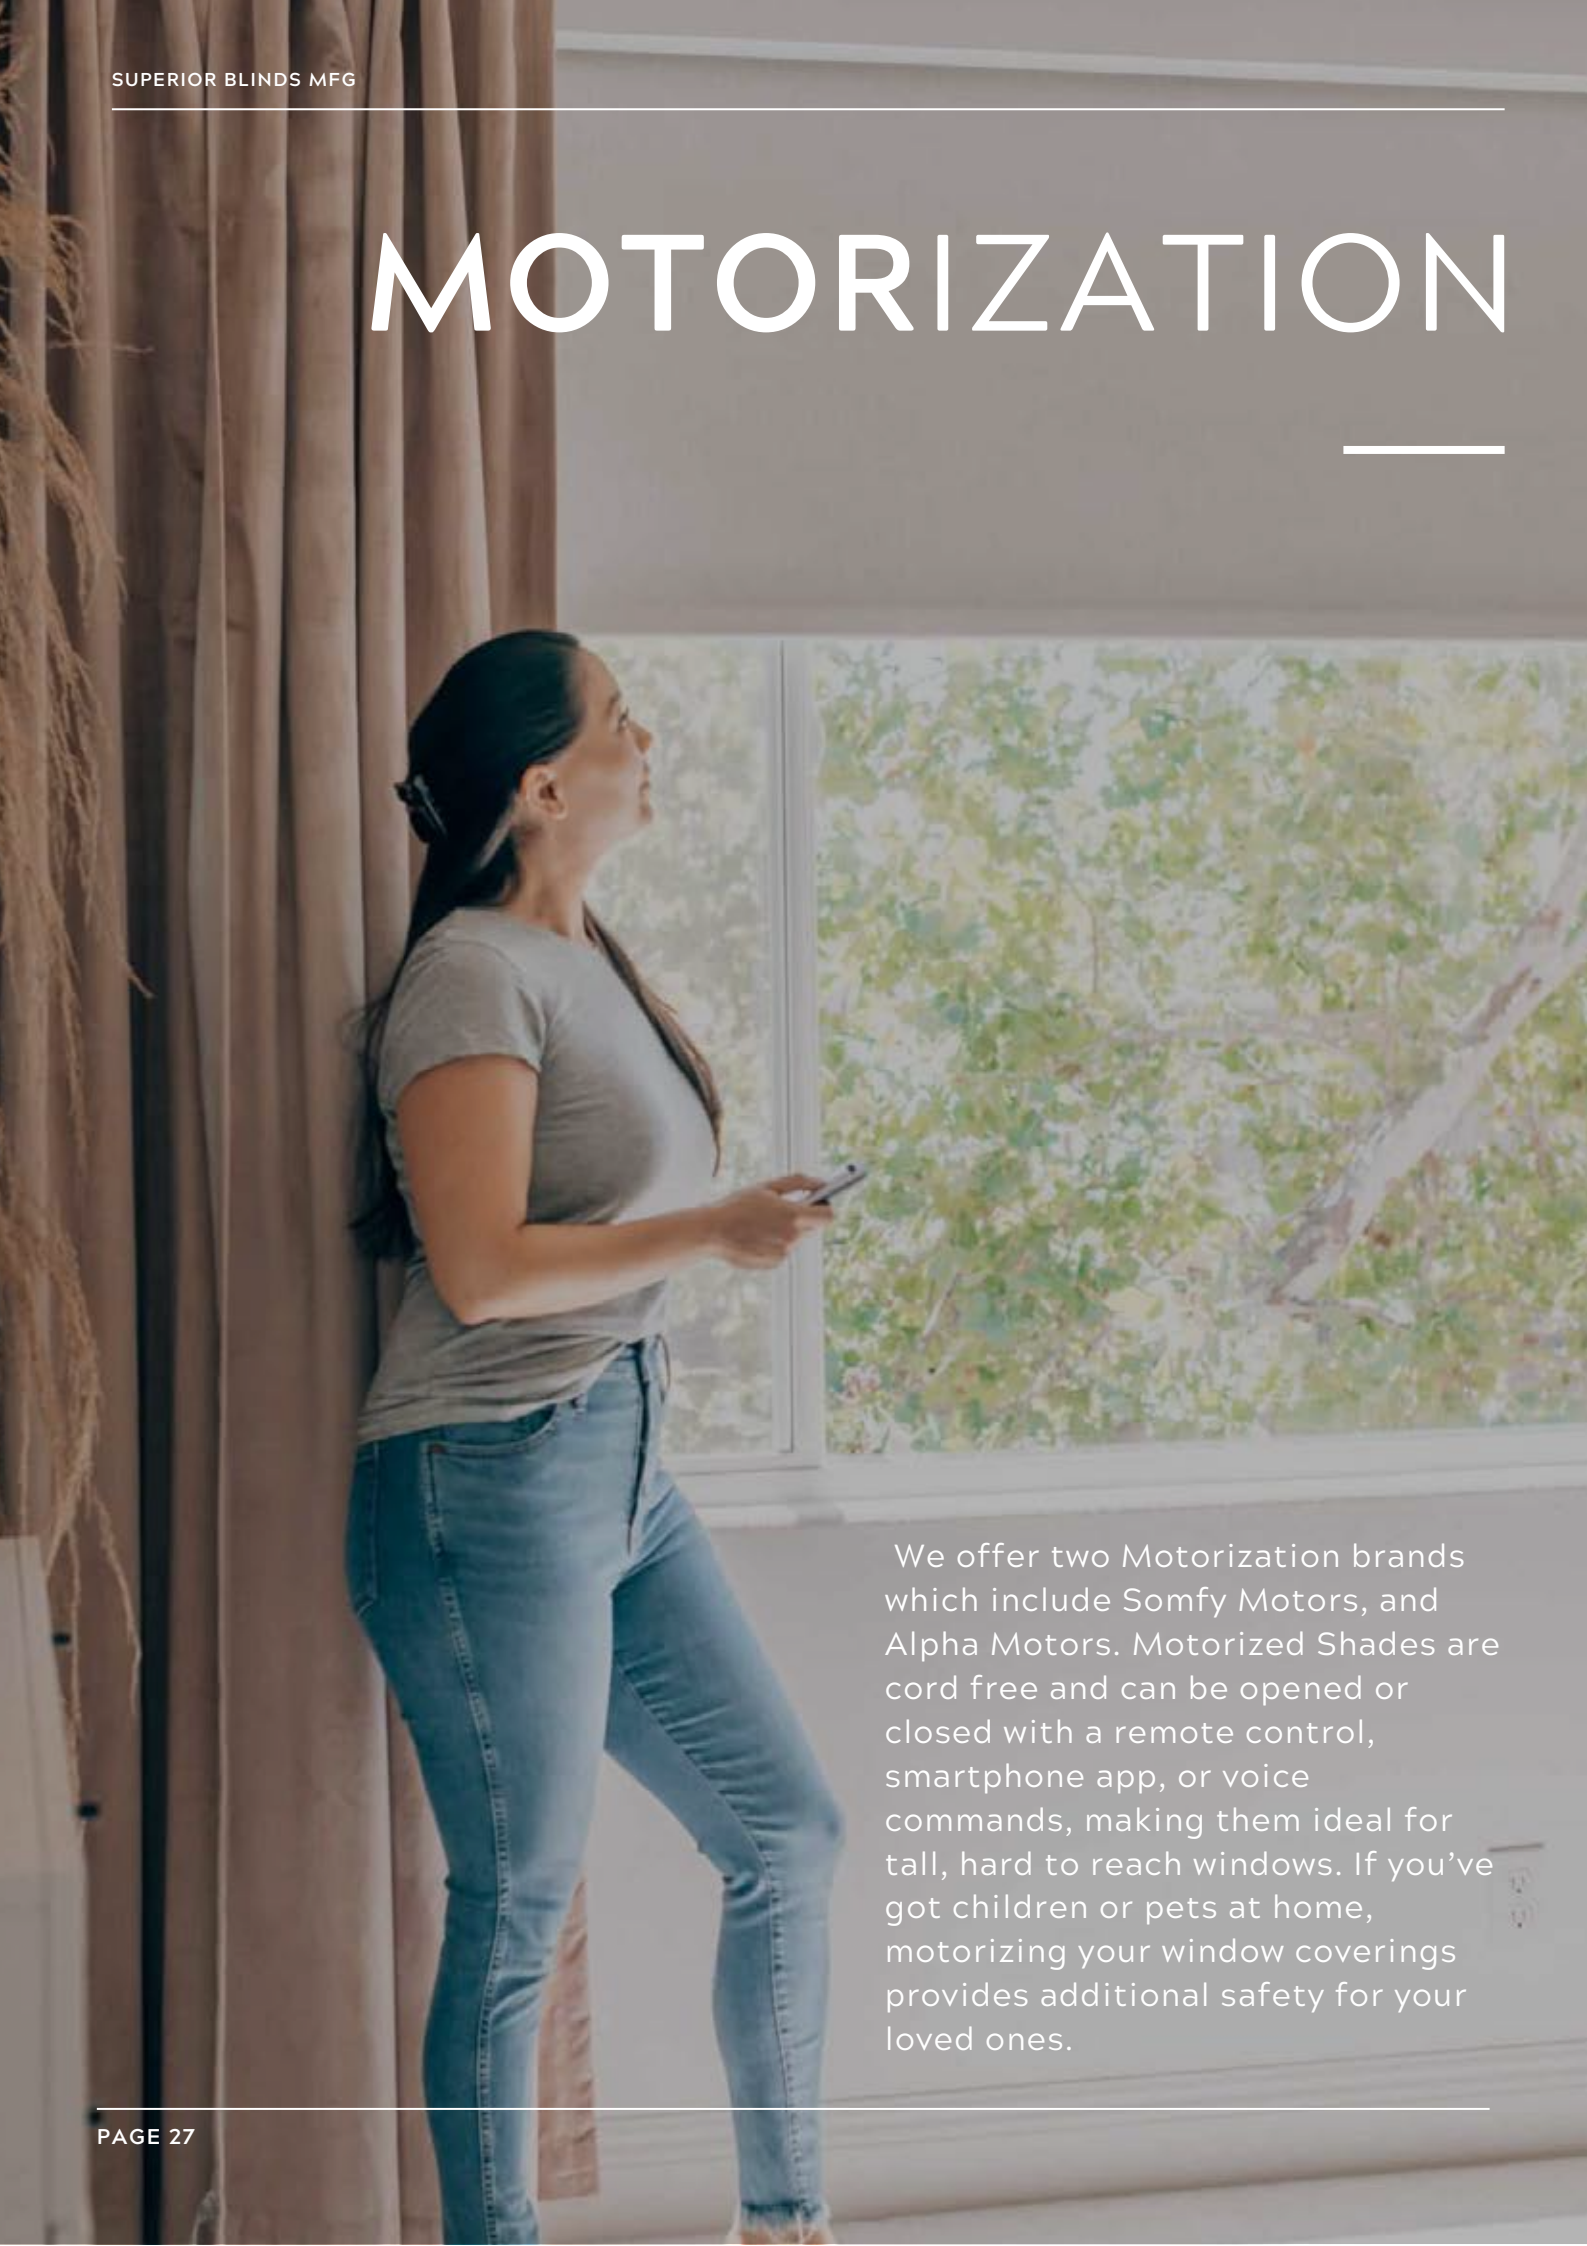

Superior Cellular Shades combine beautiful style and energy efficiency. Cellular Shades have the best insulation available on the market. Customize your windows with different operation system for your convenience.

Our cellular shades are available in various colors and materials that complement your décor and style. For a shade that filters light into a soft glow, choose a sheer material. But if you would like a shade that highlights your windows, there are a lot of bold options to use that from bright colors to neutral colors. Honeycomb window treatments in an opaque material work wonderfully to make a bedroom or media room darker.

MOTORIZATION

A woman with long dark hair, wearing a grey t-shirt and blue jeans, stands in profile by a large window. She is looking out at a view of green trees and holding a smartphone in her hands. The window has light-colored curtains on the left side. The background is a soft-focus view of trees and foliage.

We offer two Motorization brands which include Somfy Motors, and Alpha Motors. Motorized Shades are cord free and can be opened or closed with a remote control, smartphone app, or voice commands, making them ideal for tall, hard to reach windows. If you've got children or pets at home, motorizing your window coverings provides additional safety for your loved ones.
