Best OPM 101 Teacher.

N/A

Passion for what he teaches shows
through his lectures.
Very helpful and open to students.
A bit of a monotone voice

Great professor, loved the interaction and respect he showed us students. Very
understanding with course work and I would recommend him to anyone.

Kind and caring professor

NONE IT WAS TRULY A WONDERFUL CLASS

Ensured students prepare for exams / organized / gives students opportunities to engage in class

This was my 2nd time having this professor - Prev class DSI01
He did a much better job of explaining the material
and interacting with students.

Wish there was more communication via email. I have not gotten a response from my two sent emails.

are all great professor,

The professor taught us exactly what
was instructed of us. He was very helpful.
