

Samsung Smart TV Installation Guide

Follow these simple steps to set up your DirectConnect service on a Samsung Smart TV

Initial Setup

Plug in your Samsung Smart TV, turn it on, and set up using the remote control or SmartThings App. Follow prompts for language, Wi-Fi, terms, and Samsung account sign-in.

Installation Steps

- 1 Step 1: Go to Search**
From the Home screen, use the Samsung TV remote arrow to navigate to Search on the left side. Press Select.
 - 2 Step 2: Search IPTV Smarters**
Search "IPTV Smarters" using the remote arrows and select button.
 - 3 Step 3: Select & Install App**
Move right to highlight the app, press Select. Choose Install. Then select Open and Add to Home then Continue
 - 4 Step 4: Visit Smarters Website**
Scan the QR code or visit <https://smarterstech.com/>. Steps below require your cellphone.
 - 5 Step 5: Activate your Smarters App**
During Activation it will ask for a MAC address and Device Key. Find them by opening the Smarters App on the TV in device information.
 - 6 Step 6: Add XC Playlist**
Select Add XC Playlist from your cellphone.
 - 7 Step 7: Enter Playlist Details**
Name: DirectConnect | Host: <http://hostengine.live:25461> | Enter your DirectConnect username & password.
 - 8 Step 8: Submit**
Protecting playlist is optional (requires PIN if selected). Select Submit.
 - 9 Step 9: Refresh & Select Live TV**
Cellphone steps complete! On TV, select the refresh icon at top of screen. Select Live TV. Enjoy!
-

Troubleshooting Tips

- Buffering? Check your internet speed or try a wired connection.
- App crashing? Clear cache and restart the app.
- No channels loading? Verify your credentials and server URL.
- Need help? Contact support at support@directconnect.tv
